#### SUBJECT: RESOLUTION – Election Services Agreement

Since 2009, each Palm Beach County municipality has entered into an annual agreement with the Palm Beach County Supervisor of Elections (SOE) to supply voting equipment and provide election services for municipal elections.

The attached Agreement has been prepared and/or reviewed for legal sufficiency by the Village Attorney.

In the event of a run-off election and for all stand-alone municipal elections, if MUNICIPALITY doesn't use the County Canvassing Board, MUNICIPALITY shall schedule and coordinate the date on which MUNICIPALITY's Canvassing Board is to assemble to canvass the results of the election. If applicable, MUNICIPALITY shall coordinate for the use of SOE facilities to conduct the Canvassing Board activities. MUNICIPALITY shall notice and advertise in both English and Spanish, as needed, the dates of any Canvassing Board meetings. MUNICIPALITY shall convene the Canvassing Board to determine which voted Vote-By-Mail ballots are to be tabulated. MUNICIPALITY shall provide for collection of results from each precinct (See Exhibit "B"). MUNICIPALITY must also ensure they have a Canvassing Board member present for opening, duplication, tabulation and all other activities requiring Canvassing Board presence by law.

#### ARTICLE 17 – AUDITS

MUNICIPALITY agrees to pay SOE for any additional costs as may be necessary, including overtime expenses, for conducting the audit.

#### ARTICLE 18 – POST-ELECTION RECORDS RETENTION

SOE shall process affirmation forms and sort, inventory, and pack all election materials for pickup by SOE for retention and disposition. SOE shall store or cause to be stored all necessary election records and ballots until expiration of retention period as prescribed by applicable Florida Statutes and Rules.

#### ARTICLE 19 – VOTER HISTORY

MUNICIPALITY and SOE will make mutually acceptable arrangements for recording voter history. The date selected for undertaking this activity may occur subsequent to the conclusion of all election dates and outside of the terms of this Agreement but both parties agree to work toward recording voter history in a timely manner.

#### ARTICLE 20 – OTHER NECESSARY COSTS

Any additional costs or fees that may be incurred by SOE in compliance with the Florida Election Code and as a direct result of a municipal election, that are not specified in this Agreement, shall be paid for by MUNICIPALITY at rates and fees as established by SOE. Examples of such additional costs or reimbursements include, but are not limited to, the following:

A. <u>Recounts.</u> Any expenditure for conducting a recount, including any overtime expenses for reprogramming voting equipment, and other expenses as may be necessary to conduct a recount; and,

B. <u>Attorneys' Fees and Costs.</u> Actual attorneys' fees and costs incurred by SOE for research or representation on any election-related matter shall be invoiced by SOE for reimbursement by MUNICIPALITY.

#### ARTICLE 21 – HOLD HARMLESS COVENANT

To the extent permitted by law, MUNICIPALITY shall at all times hereafter indemnify, hold harmless and, at SOE's option, defend or pay for an attorney selected by SOE to defend SOE, its officers, agents and employees against any and all claims, damages, injuries, losses, liabilities and expenditures of any kind, including attorneys' fees, court costs and expenses, including but not limited to administrative challenges, civil suits or other legal challenges or appeals that may arise from the contest of election results or the validation of any candidate qualifications, arising out of or resulting from any or all acts of omission or commission of or by the MUNICIPALITY, its officers, agents or employees with respect to any election conducted pursuant to this Agreement. Except for negligent acts of SOE in performance of this agreement, MUNICIPALITY also agrees to indemnify SOE against any administrative challenges, civil suits or other legal challenges or appeals that may arise, including all attorneys' fees and costs, from the contest of election results or the validation of any candidate qualifications.

The foregoing indemnification shall not constitute a waiver of sovereign immunity beyond the waiver or limits set forth at Sec. 768.28, Florida Statutes. In no case shall such limits for SOE or MUNICIPALITY extend beyond \$200,000 for any one person or beyond \$300,000 for any

judgment which, when totaled with all other judgments, arises out of the same incident or occurrence. Furthermore, nothing herein shall be construed as consent by the MUNICIPALITY or the SOE, as a state agency or subdivision of the State of Florida, to be sued by third-parties in any matter arising out of any contract.

These provisions shall not be construed to constitute agreement by either party to indemnify the other for such others' negligent, willful or intentional acts or omissions.

#### **ARTICLE 22 – ENTIRETY AND AMENDMENTS**

The Agreement embodies this entire agreement between SOE and MUNICIPALITY and supersedes all prior agreements and understandings relating to the conduct of elections. No modification, amendment or alteration to this Agreement shall be effective of binding unless submitted in writing and executed by the duly authorized representatives of both SOE and MUNICIPALITY.

#### ARTICLE 23 – EFFECTIVE DATE

The effective date of this Agreement shall be the latest date of execution by duly authorized representatives of SOE and MUNICIPALITY as shown on the signature page hereto.

**IN WITNESS WHEREOF**, we, the undersigned, do hereby state that we have the authority to bind and obligate as promised herein, SOE and MUNICIPALITY for purposes of executing this agreement on the dates set forth below.

Hi Amber,

When I replied to the Smart Sheet, the Village was not planning to have a referendum question on the ballot for the upcoming election. At last night's Council meeting, they discussed the possibility of having one now. Can you note on my information that the Village might be having a referendum question in addition to candidates on the ballot?

I will confirm with you as soon as I know for sure.

Thanks,

#### PALM BEACH COUNTY LAW ENFORCEMENT AGENCIES COMBINED OPERATIONAL ASSISTANCE AND VOLUNTARY COOPERATION

# MUTUAL AID AGREEMENT

#### WITNESSETH

**WHEREAS**, the subscribing Law Enforcement Agencies as listed in **Attachment** *I*, which is incorporated by reference, are so located in relation to each other that it is to the advantage of each to receive and extend mutual aid in the form of law enforcement services and resources to adequately respond to:

- (1) Intensive situations, including, but not limited to, emergencies as defined under Section 252.34, Florida Statutes, and
- (2) Continuing, multi-jurisdictional law enforcement problems, so as to protect the public peace and safety, and preserve the lives and property of the people; and,

<u>WHEREAS.</u> the subscribing Law Enforcement Agencies have the authority under Section 23.1225, Florida Statutes, et. seq., The Florida Mutual Aid Act, to enter into a combined mutual aid agreement for law enforcement service which:

- (1) Permits voluntary cooperation and assistance of a routine law enforcement nature across jurisdictional lines, and;
- (2) Provides for rendering of assistance in a law enforcement emergency as defined in Section 252.34.

#### NOW, THEREFORE, THE AGENCIES AGREE AS FOLLOWS:

#### SECTION 1: PROVISIONS FOR OPERATIONAL ASSISTANCE

The subscribed Law Enforcement Agencies hereby approve and enter into this Agreement whereby each of the agencies so represented may request and render law enforcement assistance to the other to include, but not necessarily be limited to, dealing with civil disturbances, large protest demonstrations, aircraft disasters, fires, natural or man-made disasters, sporting events, concerts, public school graduations, parades, escapes from detention facilities, and incidents requiring utilization of specialized units.

#### SECTION II: PROVISIONS FOR VOLUNTARY COOPERATION

Each of the subscribed Law Enforcement Agencies hereby approve and enter into this Agreement whereby each of the agencies may request and/or voluntarily render routine law enforcement assistance to the other, to include, but not necessarily be limited to, investigating homicides, sex offenses, robberies, assaults, burglaries, larcenies, gambling, motor vehicle thefts, controlled substance violations, pursuant to Chapter 893, Florida Statutes, DUI violations, backup services during patrol activities, School Police Officers enforcing laws within 1000 feet of a school or School Board property, inter-agency task forces and/or joint investigations, and coverage for overtime details.

#### SECTION III: PROCEDURE FOR REQUESTING ASSISTANCE

In the event that an agency that is a party to this Agreement is in need of assistance as set forth above, such agency shall notify the agency or agencies from whom such assistance is required. The Agency Head or his/her authorized designee whose assistance is sought shall evaluate the situation and his/her available resources and will respond in a manner he/she deems appropriate.

The Agency Head in whose jurisdiction assistance is being rendered may determine who is authorized to lend assistance in his/her jurisdiction, for how long such assistance is authorized and for what purpose such authority is granted. This authority may be granted either verbally or in writing as the particular situation dictates.

School District Police Officers are hereby authorized to enforce laws in an area within 1000 feet of a school or school board property and within 1000 feet of any school sponsored event including, but not necessarily limited to, public school graduations, proms, dances and project graduations.

Should a sworn law enforcement officer(s) be in another subscribed agency's jurisdiction and violation of Florida Statutes occurs, which is a crime of violence, in the presence of said officer, he/she shall be empowered to exercise authority as a law enforcement officer as if the officer was in his/her own jurisdiction. Should enforcement action be taken, said officer shall notify the agency having normal jurisdiction and upon the latter's arrival, turn the situation over to them and offer any assistance requested including, but not limited to, a follow-up written report documenting the event and the actions taken. This provision so prescribed in this paragraph is not intended to grant general authority to conduct investigations, serve warrants and/or subpoenas or to respond without request to emergencies already being addressed by the agency of normal jurisdiction, but is intended to address critical, life-threatening or public safety situations, prevent bodily injury to citizens, and/or secure apprehension of violent criminals whom the law enforcement officer may encounter.

In any jurisdiction where the Sheriff of Palm Beach County has primary law enforcement responsibilities, the following shall apply: When a sworn law enforcement officer of a subscribing law enforcement agency has established probable cause *to* arrest an

individual(s) as a result of an investigation regarding any Forcible Felony, as defined in Section 776.08, Florida Statutes, or any act of Domestic Violence as defined in Section 741.28, Florida Statutes, that occurred within the jurisdiction of the arresting officer, he/she is authorized to make this arrest in any jurisdiction where the Sheriff has primary law enforcement responsibilities upon exigent circumstances and provided said offense occurred within the previous **seventy-two (72)** hours. Prior to any officer making any such arrest pursuant to this paragraph, the officer shall notify the Palm Beach County Sheriff's Office Commanding Officer in charge of the district in which the action will be taken. This paragraph does not include the authority to make non-consensual or forcible entries into private dwellings, residences, living spaces or business spaces which are not open to the public, i.e., authority derived pursuant to this paragraph may be exercised only when in places open to the public or private places into which the arresting officer has entered with the consent of an occupant entitled to give consent.

In all other jurisdictions within the Palm Beach County, the following shall apply: Sworn law enforcement officers of subscribing law enforcement agencies are hereby authorized to exercise the power to make arrests in any subscribing agency's jurisdiction of persons identified as a result of investigations regarding any offense constituting a felony or any act of Domestic Violence as defined in Section 741.28, Florida Statutes, that occurred within the jurisdiction of the arresting officer. However, this paragraph does not include authority to make non-consensual or forcible entries into private dwellings, residences, living spaces or business spaces which are not open to the public, i.e., authority derived pursuant to this paragraph may be exercised only when in places open to the public or private places into which the arresting officer has entered with the consent of an occupant entitled to give consent. Prior to any officer taking enforcement action pursuant to this paragraph, the officer shall notify the Commanding Officer in charge of the jurisdiction in which the action will be taken, unless exigent circumstances prevent such prior notification, in which case notification shall be made as soon after the action as practicable.

The Agency Head's decision in these matters shall be final.

#### SECTION IV: COMMAND AND SUPERVISORY RESPONSIBILITY

The personnel and equipment that are assigned by the assisting agency head shall be under the immediate command of a supervising officer designated by the assisting agency head. Such supervising officer shall be under the direct supervision and command of the agency head or his/her designee of the agency requesting assistance.

#### CONFLICTS:

Whenever a Law Enforcement Officer is rendering assistance pursuant to this Agreement, the Law Enforcement Officer shall abide by and be subject to the rules and regulations, personnel policies, general orders and standard operating procedures of his/her own employer. If any such rule, regulation, personnel policy, general order or

standard operating procedure is contradicted, contravened or otherwise, in conflict with a direct order of a superior officer of the requesting agency, then such rule, regulation, policy, general order or procedure shall control and shall supersede the direct order.

#### HANDLING COMPLAINTS:

Whenever there is cause to believe that a complaint has arisen as a result of a cooperative effort as it may pertain to this Agreement, the Agency Head or his/her designee of the requesting agency shall be responsible for the documentation of said complaint to ascertain at a minimum:

- 1. The identity of the complainant.
- 2. An address where the complaining agency can be contacted.
- 3. The specific allegation.
- 4. The identity of the employees accused without regard to agency affiliation.

If it is determined that the accused is an employee of the assisting agency, the above information with all pertinent documentation gathered during the receipt and processing of the complaint shall be forwarded without delay to the Agency Head or his/her designee of the assisting agency for administrative review. The requesting agency may conduct a review of the complaint to determine if any factual basis for the complaint exists and/or whether any of the employees of the requesting agency violated any of their agency's policies or procedures.

#### SECTION V: LIABILITY

Each agency engaging in any mutual cooperation and assistance, pursuant to this Agreement, agrees to assume responsibility for the acts, omissions, or conduct of such agency's employees while engaged in rendering such aid pursuant to this Agreement, subject to the provisions of Section 768.28, Florida Statutes, where applicable.

#### SECTION VI: POWERS, PRIVILEGES, IMMUNITIES AND COSTS

- A. Employees of each participating Law Enforcement Agency, when actually engaging in mutual cooperation and assistance outside of their jurisdictional limits, but inside the State of Florida, under the terms of this Agreement, shall, pursuant to the provisions of Section 23.127(1), Florida Statutes, have the same powers, duties, rights, privileges and immunities as if the employee was performing duties inside the employee's political subdivision in which normally employed.
- B. Each agency agrees to furnish necessary personnel, equipment, resources and facilities and to render services to each other agency to the Agreement as set forth above; provided however, that no agency shall be required to deplete

unreasonably its own personnel, equipment, resources, facilities, and services in furnishing such mutual aid.

- C. Communication with personnel from outside agencies will be accomplished with a shared radio frequency. Should the agency furnishing aid not have the capability to communicate on a shared radio frequency, then the requesting agency will either provide radios to the personnel of the agency furnishing aid or pair personnel from the agency furnishing aid with personnel from agencies that have the capability to communicate on a shared radio frequency.
- D. A political subdivision that furnishes equipment pursuant to this part must bear the cost of loss or damage to that equipment and must pay any expense incurred in the operation and maintenance of that equipment.
- E. The agency furnishing aid pursuant to this section shall compensate its employees during the time such aid is rendered and shall defray the actual travel and maintenance expenses of its employees while they are rendering such aid, including any amounts paid or due for compensation due to personal injury or death while such employees are engaged in rendering such assistance.
- F. The privileges and immunities from liability, exemption from laws, ordinances and rules, and all pension, insurance, relief, disability, workers' compensation, salary, death and other benefits that apply to the activity of an employee of an agency when performing the employee's duties within the territorial limits of the employee's agency apply to the employee to the same degree, manner, and extent while engaged in the performance of the employee's duties extraterritorially under the provisions of this Mutual Aid Agreement. The provisions of this section shall apply with equal effect to paid, volunteer, auxiliary, and reserve employees.
- G. Nothing herein shall prevent the requesting agency from requesting supplemental appropriations from the governing authority having budgeting jurisdiction to reimburse the assisting agency for any actual costs or expenses incurred by the assisting agency performing hereunder.
- H. Nothing in this Agreement is intended or is to be construed as any transfer or contracting away of the powers or functions of one party hereto to the other.

#### SECTION VII: EFFECTIVE DATE.

This Agreement shall take effect upon execution and approval by the hereinafter named officials and shall continue in full force and effect until **January 31, 2029**. On or about **September 30, 2027**, a committee will be established by the Palm Beach County Association of Chiefs of Police, Inc., to review this Agreement and revise, if necessary. Under no circumstances may this Agreement be renewed, amended, or extended except in writing.

#### SECTION VIII: CANCELLATION

Any agency may cancel their participation in this Agreement upon delivery of written notice to the other agencies. Cancellation will be at the direction of any subscribing agency.

**IN WITNESS WHEREOF,** the agencies hereto cause these presents to be signed on the date specified.

#### VILLAGE OF NORTH PALM BEACH LEISURE SERVICES

TO: Honorable Mayor and Council

THRU: Chuck Huff, Village Manager

FROM: Zakariya M. Sherman, Director of Leisure Services

DATE: December 14, 2023

SUBJECT: **RESOLUTION** – Approval of an Agreement with Perseverance Basketball, LLC to run and staff the Village's Spring Youth Basketball League

Perseverance Basketball was founded by Nate Vera, a former high school basketball coach in Palm Beach County. The organization teaches basketball fundamentals to athletes of all ages and skill levels. They host programs in other nearby cities and usually have a waiting list. Some of their programs include camps, clinics, and leagues.

The Village's Parks and Recreation Department has partnered with Perseverance to run skills-based clinics with scrimmages as well as youth summer day camps. The Department has contracted with Perseverance since 2022 to run and staff the Village's youth basketball league. 200 kids have registered for the program each of the last two years. Staff received positive feedback from both parents and players.

Staff is proposing that Perseverance Basketball again run the Village's basketball league this Spring. It is an opportunity for kids to learn the sport from qualified coaches, as opposed to volunteers. Perseverance's coaches are actually staff members.

Perseverance has name recognition. Partnering with them allows us to draw in kids that are on current waiting lists in nearby cities. Age groups include kindergarten through ninth grade. Participants are guaranteed one practice and one game per week. New this year will be a girls-only league.

Similar to last season, Staff will collect all registration monies and pay Perseverance a fee based on the number of kids registered. The cost to participants will be \$155 for residents and \$175 for non-residents, much lower than the rates in nearby cities for Perseverance. Registration includes a jersey, trophy, and end-of-season cookout party.

Perseverance's cost breakdown to run the league is as follows:

1.	One (1) to forty-nine (49) participants:	\$ 5,000.00
2.	Fifty (50) to ninety-nine (99) participants:	\$ 7,500.00
3.	One hundred (100) to one hundred-forty-nine (149) participants:	\$10,000.00
4.	One hundred fifty (150) to one hundred ninety-nine (199) participants:	\$12,500.00
5.	Two hundred (200) to two hundred forty-nine (249) participants:	\$15,000.00
6.	Two hundred fifty (250) to two hundred ninety-nine (299) participants:	\$17,500.00

7. Three hundred (300) to three hundred forty-nine (349) participants: \$20,000.00

To staff the league, Perseverance will provide qualified coaches at a cost of twenty dollars (\$20.00) for each practice and for each game per age group (by way of example, the coach of each team would be compensated \$20.00 for each practice and \$20.00 for each game each week for a total of \$40.00). One (1) coach shall be required for every nine (9) participants.

Last season, Staff registered 201 kids, which amounted to 22 teams. The Village paid \$15,000 to Perseverance for the league fee and an additional \$7,920 in coaching fees. Perseverance also handled the officials, which amounted to \$5,850, and scorekeepers (\$1,425), for a grand total of \$30,195. This year, Staff expects both revenues and fees payable to Perseverance to be relatively the same or slightly higher, depending on the number of registered participants. Our goal is to register 250, so the Department is budgeting for the higher end. Therefore, the need for Council approval, since the expected fees to Perseverance will most likely be between \$30,000 and \$37,000. Based on last year's registration numbers and the percentage of residents vs. non-residents, the Village can expect to generate \$33,000 in revenues for 200 kids or \$42,000 for 250 kids.

The attached Resolution has been prepared/reviewed by the Village Attorney for legal sufficiency.

#### **Recommendation:**

Village Staff requests Council consideration and approval of the attached Resolution approving an Agreement with Perseverance Basketball, LLC to run and staff the Village's Spring Youth Basketball League at a cost not to exceed \$37,000, with funds expended from Account No. A8228-35630 (Sports League Expense), and authorizing the Mayor and Village Clerk to execute the Agreement in accordance with Village policies and procedures.

FROM: Jamie Mount, P.E., Assistant Director of Public Works

DATE: December 14, 2023

SUBJECT: **RESOLUTION – Accepting a proposal from Eastern Pipeline Construction, Inc. for** installation of a 2" water main replacement at the North Palm Beach Country Club and authorizing the execution of a Contract.

A new 2" water service main servicing the Country Club Maintenance Building is needed to replace the existing 2" line that has been in service since approximately the 1960's. The existing 2" water service main has become extremely brittle over the last several years and is need of constant repair and maintenance, having undergone emergency repair on approximately four occasions in 2023.

As part of the Village's Continuing Engineering Services contract, Engenuity Group provided water main engineering design services, which included preparation of biddable construction plans depicting the location of the proposed 2" water service main (plans attached for reference).

The Village solicited three (3) contractor quotes to provide the water service main installation based on the construction plans described above. The quotes received were as follows:

- 1. Eastern Pipeline Construction, Inc. - \$46,900.00
- 2. D.S. Eakins Construction Corporation - \$57,850.00 - \$74,610.00
- 3. Johnson Davis Inc.

Given that Eastern Pipeline Construction, Inc. (Eastern) provided the lowest construction installation guote solicited. Public Works staff recommends selection of this contractor to provide the subject water service installation. The total cost of Easter's proposal is \$46,900.00. Due to the unforeseen nature of construction associated with this project, Village Staff is requesting a project contingency of \$3,000.00 for a total project budget of \$49,900.00.

#### Account Information:

			Total w/ Contingency	\$49,900.00

The attached Resolution and Contract have been prepared and/or reviewed for legal sufficiency by the Village Attorney.

#### **Recommendation:**

Village Staff requests Council consideration and approval of the attached Resolution accepting a the lowest construction cost estimate from Eastern Pipeline Construction, Inc., to provide Country Club water service main installation to the maintenance building in an amount not to exceed \$46,900.00 (\$49,900 including contingency), with funds expended from Account No. L8045-66210 (Golf Course - Construction & Major Renovation), and authorizing the Mayor and Village Clerk to execute the Contract for such services in accordance with Village policies and procedures.

- 3. The VILLAGE agrees to make all previous studies, maps, drawings, surveys and other data and information pertaining to the Project available to the DEPARTMENT at no cost.
- 4. The DEPARTMENT shall have the sole responsibility for resolving claims and requests for additional work for the Project. The DEPARTMENT will make reasonable efforts to obtain the VILLAGE's input in its decisions.

- 5. The total cost for the Department's Bridge work and the Project is estimated to be NINE MILLION ONE HUNDRED SIXTY THOUSAND FIVE HUNDRED FORTY EIGHT DOLLARS AND NO CENTS (\$9,160,548.00). The VILLAGE's share of the Project is an estimated amount of ONE HUNDRED TWENTY EIGHT THOUSAND FOUR HUNDRED SEVENTY FIVE DOLLARS AND NO CENTS (\$128,475.00), which sum shall be paid to the DEPARTMENT. In the event the actual cost of the Project is less than the funds provided, the difference will be refunded to the VILLAGE. In the event the actual cost of the Project, without modifications, results in a sum greater than that paid by the VILLAGE, then such sum shall be the sole responsibility of the VILLAGE and shall be paid to the DEPARTMENT.
  - (A) The VILLAGE agrees that it will, within thirty days of the execution of this Agreement, furnish the DEPARTMENT with a check in the amount of ONE HUNDRED TWENTY EIGHT THOUSAND FOUR HUNDRED SEVENTY FIVE DOLLARS AND NO CENTS (\$128,475.00), towards the Project costs.

In the event payment is not received by the DEPARTMENT within thirty (30) days of execution of this Agreement the DEPARTMENT reserves the right to terminate this Agreement and remove the Project from the DEPARTMENT's Work Program.

Remittance shall be made payable to the Department of Transportation. Payment shall be clearly marked to indicate that it is to be applied to FM Number 442891-1-52-02. The DEPARTMENT shall utilize this amount towards costs of Project No. 442891-1-52-02.

Payment shall be mailed to: Florida Department of Transportation Office of Comptroller General Accounting Office, LFA Section 605 Suwannee Street, MS 42B Tallahassee, Florida 32399

In lieu of mailing payment to the DEPARTMENT, the VILLAGE may also submit the payment for the Project via wire transfer.

Wire transfer/Payments are to be made to:

Wells Fargo Bank, N.A. Account # 4834783896 ABA # 121000248 Chief Financial Officer of Florida Re: DOT – K 11-78, Financial project # 442891-1-52-02. In order for FDOT to receive credit for the funds due to the Department, the reference line must contain "FDOT" and an abbreviated purpose, financial project number or LFA account number.

Once the wire transfer is complete, the VILLAGE shall contact Kenneth Ward at 850-414-4886. In addition to calling Mr. Ward, the VILLAGE shall send an email notification to Leos Kennedy at <u>leos.kennedy@dot.state.fl.us</u> stating the day and time the wire transfer was sent.

- (B) If the Project costs are in excess of the advance deposit amount, the VILLAGE will provide an additional deposit within fourteen (14) calendar days of notification from the DEPARTMENT. The DEPARTMENT will notify the VILLAGE as soon as it becomes apparent that Project costs are in excess of the advanced deposit amount; however, failure of the DEPARTMENT to so notify the VILLAGE shall not relieve the VILLAGE from its obligation to pay for its full participation. If the VILLAGE cannot provide the additional deposit within fourteen (14) calendar days, a letter must be submitted to and approved by the DEPARTMENT's Project Manager indicating the date the deposit will be made and the DEPARTMENT's written consent to the payment of the additional deposit on said date. The VILLAGE understands the request and approval of the additional time could delay the Project, and additional costs at the VILLAGE 's expense may be incurred due to delay of the Project. In the event of non-payment, the DEPARTMENT reserves the right to terminate this Agreement and remove the Project from the Department's Work Program.
- (C) If the VILLAGE 's payment for the accepted bid amount plus allowances is less than the advance deposit amount, the DEPARTMENT will refund the amount that the advance deposit exceeds the VILLAGE's payment for the accepted bid amount plus allowances if such refund is requested by the VILLAGE in writing.
- (D) Should Project modifications occur that increase the VILLAGE's payment for the Project costs, the VILLAGE will be notified by the DEPARTMENT. The VILLAGE agrees to provide, without delay, in advance of the additional work being performed, adequate funds to ensure that cash on deposit with the DEPARTMENT is sufficient to fully fund the cost of the Project. The DEPARTMENT shall notify the VILLAGE as soon as it becomes apparent the actual costs will exceed the deposit amount. However, failure of the DEPARTMENT to so notify the VILLAGE shall not relieve the VILLAGE from its obligation to pay for its full participation. Funds due from the VILLAGE during the Project not paid within forty (40) calendar days from the date of the invoice are subject to an interest charge at a rate established pursuant to Section 55.03, F.S. In the event the VILLAGE fails to make the additional payment within the time hereinabove set forth, in addition to any other remedy, the DEPARTMENT reserves the right to terminate this Agreement.

- (E) The DEPARTMENT intends to have its final and complete accounting of all costs incurred in connection with the work performed hereunder within three hundred sixty (360) days of final payment to the contractor. The DEPARTMENT considers the Project complete when the final payment has been made to the contractor, not when the construction work is complete. All Project cost records and accounts shall be subject to audit by a representative of the VILLAGE for a period of three (3) years after final close out of the Project. The VILLAGE will be notified of the final cost. Both parties agree that in the event the final accounting of total Project costs pursuant to the terms of this Agreement is less than the total deposits to date, the excess funding will be refunded to the VILLAGE. If the final accounting is not performed within three hundred sixty (360) days, the VILLAGE is not relieved from its obligation to pay.
- (F) In the event the final accounting of total Project costs indicate that the Project costs are greater than the total deposits to date, the VILLAGE will pay the additional amount within forty (40) calendar days from the date of the invoice from the DEPARTMENT. The VILLAGE agrees to pay interest at a rate as established pursuant to Section 55.03, F.S., on any invoice not paid within forty (40) calendar days until the invoice is paid.
- (G) Upon receipt of payment, from the VILLAGE to the DEPARTMENT, the DEPARTMENT will then forward the VILLAGE's payment to the Department of Financial Services, Division of Treasury for deposit as provided in the Three Party Escrow Agreement (3PEA) between the VILLAGE, the DEPARTMENT and the State of Florida, Department of Financial Services, Division of Treasury, a copy of which is attached hereto and made a part hereof as **Exhibit B**.

A copy of the Agreement is attached hereto and made part hereof as **Exhibit C.** The terms of this paragraph shall survive the termination of this Agreement.
- 7. On <u>December 27, 2001</u>, the VILLAGE and the DEPARTMENT entered into a Landscape Memorandum of Agreement (LMOA) whereby the VILLAGE agreed to maintain certain landscape improvements. The VILLAGE and the DEPARTMENT will enter into an Amendment to the LMOA whereby the VILLAGE shall agree to maintain the Project in accordance with terms of the Amendment and the MMOA. A copy of the amendment is attached hereto and made part hereof as **Exhibit D**. The terms of this paragraph shall survive the termination of this Agreement.

- 8. In the event it becomes necessary for either party to institute suit for the enforcement of the provisions of this Agreement, each party shall be responsible to pay their own attorney fees and court costs. Venue with respect to any such litigation shall be in Broward County.
- 9. This Agreement and any interest herein shall not be assigned, transferred or otherwise encumbered by the VILLAGE under any circumstances without the prior written consent of the DEPARTMENT. However, this Agreement shall run to the DEPARTMENT and its successors.
- 10. Except as otherwise set forth herein, this Agreement shall continue in effect and be binding to both the VILLAGE and the DEPARTMENT until the Project (FM# 442891-1-52-02) is completed as evidenced by the written acceptance of the DEPARTMENT.

#### VILLAGE OF NORTH PALM BEACH INFORMATION TECHNOLOGY

TO:	Honorable Mayor and Council
THRU:	Chuck Huff, Village Manager
FROM:	Michael Applegate, IT Director
DATE:	December 14, 2023
SUBJECT:	<b>RESOLUTION</b> – Approval of Agreement with Flock Group, Inc. for the Flock Safety LPR System

Village staff is requesting Council consideration and approval of a Resolution approving an Agreement with Flock Group, Inc. d/b/a Flock Safety for the Flock Safety LPR System solution at a cost not to exceed \$53,200.

#### Background/Project Scope:

In 2015, the Village implemented LPR (License Plate Recognition) cameras throughout the Village. The LPR cameras have proven to be a useful crime fighting resource for our Police department. The current system is old and outdated and does not offer the same technology as the newer equipment. The Village IT department is recommending the purchase of eight new LPR cameras from Flock Safety. These new cameras will replace the current outdated infrastructure and add additional locations. Flock Safety manages the installation of all poles and pulling required permits with the County and FDOT. Flock Safety will also maintain and upgrade the equipment as needed and pay for all data costs for each camera. This new solution also provides data sharing for all surrounding agencies, granting the Village access to all LPR cameras throughout the state.

#### Purchasing:

During FY 2015, the North Palm Beach Police Department transitioned CAD, Dispatch and 911 Services to the Palm Beach Gardens EOCC Dispatch a/k/a North County Dispatch Center. Due to this transition, the only compatible LPR solution is Flock Safety. Flock Safety is the chosen vendor for the North County Dispatch Center; consequently, this purchase is treated as sole source.

Note: This is an unbudgeted expense. A budget amendment will be prepared at year-end if necessary.

#### Account Information:

Fund	Department	Account Number	Account Description	Amount
General Fund	Police	A5711-33491	Contractual Services	\$53,200

The attached Resolution, Agreement, and Addendum have been prepared and/or reviewed for legal sufficiency by the Village Attorney.

**Recommendation:** 

Village Staff requests Council consideration and approval of the attached Resolution approving an Agreement and accompanying Addendum with Flock Group, Inc. for the Flock Safety LPR System at a cost of \$53,200.00, with funds expended from Account No. 5711-33491 (Police – Contractual Services), and authorizing the Village Manager to execute the Agreement and Addendum in accordance with Village policies and procedures.

A RESOLUTION OF THE VILLAGE COUNCIL OF THE VILLAGE OF NORTH PALM BEACH, FLORIDA, APPROVING AN AGREEMENT WITH FLOCK GROUP, INC. FOR THE FLOCK SAFETY LICENSE PLATE RECOGNITION SYSTEM AND AUTHORIZING THE VILLAGE MANAGER TO EXECUTE THE AGREEMENT; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, because Flock is the chosen vendor for the North County Dispatch Center, this purchase is considered a sole source purchase pursuant to the Village's purchasing policies and procedures; and

WHEREAS, the Village Council determines that the adoption of this Resolution is in the best interests of the residents of the Village of North Palm Beach.

NOW, THEREFORE, BE IT RESOLVED BY THE VILLAGE COUNCIL OF NORTH PALM BEACH, FLORIDA, as follows:

Chair Whiteford advised the issue of accessory dwellings had also been heard by the Planning Commission and Village Council.

Ms. Interlandi asked whether the item would be sent back to the Ad-Hoc Committee, as she believed that had been the direction of the Council.

Community Development Director Caryn Gardner-Young outlined the issue of the impact of Senate Bill 250, which sets forth that the Village cannot be more restrictive under development regulations at least until October 2024. She stated the current thought is that any discussion of residential regulations between now and October 2024 should be tabled until more information is available.

Ms. Interlandi asserted the changes would be less restrictive, not more restrictive, as the structures are currently not allowed in the Village. The consensus was that the Committee should ask to bring the item back for further consideration.

- 1. \*Proposes (again) each village advisory board should be attended by one member from other boards (as Mr. Alger attended the Rec Board regard-ing cross-over issues)
- 2. \*addresses an ownership gap in the plats for the main North Palm Beach Waterway, suggesting a potential issue yet to be addressed.
- 3. Mooring and Anchoring Issues: Concerns raised about an illegally moored mega yacht at the end of Monet Road, believed to belong to a non-resident. Suggestion is made that this location may belong to the Village. Proposal made for a marine patrol substation at the location for improved security.
- 4. Further discussion about a Florida statute (327.4108) which addresses mooring and anchoring zones. Suggestions to discuss potential designations with the county for areas of Old Port Cove waters which may soon be inundated by boats displaced from Riviera Beach mooring areas

# VI. NEW BUSINESS –

# Sunken police boat

Few details are available and sinking causes are under investigation. It was noted no electrical hook up available at the temporary slip. Cameras tapes are under review and investigation is ongoing.

# Dredging and Waterway Maintenance

Dredging needs and concerns about the funding methods being used discussed, particularly concerns about the potential unfair tax implications for non-waterfront residents. There is a debate about the potential for seawall damage during dredging. This is likely as most seawalls in village have exceeded their useful life and wall failure may present questions of liability should failures occur

The involvement of Charlie Isiminger, a coastal engineer, is noted, and his insights on the implications of dredging are shared.

# **Bridge repair and construction**

Construction on US 1 bridge likely to start first, followed by Prosperity Farms bridge. Lighthouse bridge repair will be last. Depends on permitting and contracting by various government agencies. Comments from board members centered around maximizing height to regulated 11 ft. Special discussion regarding widening the footers under the Lighthouse bridge discussed as well with some concern that doing so may increase speed of vessels through the bridge

# Ramp permits for commercial vehicles

Staff discussed need for special permits for dock repair and similar vendors accessing properties via waterway. After much discussion, board agrees with staff recommendation temporary permits should be tied to building permit and that daily check in would be required. Permits valid for Mon-Friday only. Permits should be nominal in cost. \$25 suggested as a possible amount for each access day. Staff to come up with a more complete recommendation.

# VII. OLD BUSINESS –

**Vessel Size limitation discussion:** Many old remarks and comments reviewed including the fact that current code effectively limits vessel size if enforced and that in some areas, notably at the end of canals with multiple properties, resident cooperation is essential to make the most of water access points. Frustration voiced by members that current codes regarding residency and boats never have been enforced contributing to this problem. Board thinks if code were enforced many of these issues would be resolved.

# From last meeting:

"It was determined that current regulations on size of vessels is largely governed by current code including limits on property line and extension into waterways/canals and that further limitation could be considered if Council requested input beyond previous guidelines suggested by WAB"

# X. ADJOURNMENT 6:44PM

Respectfully submitted, Mark Michels

Side Bar:

It might be worthwhile for our board to vote on a few resolutions to be presented to council for issues like

1. encouraging village enforcement of rules regarding dock length, extensions, piling placement etc. Any inconsistencies (I think there is one about how far out into the canal a piling could be placed) could be addressed

- 2. Encourage staff to research funding options for dredging our waterways other than tax levy perhaps by checking to see how this has been done in other municipalities
- 3. Researching county regulations about designated anchorages before the onslaught of possibly derelict vessels from Riviera Beach ensues
- 4. Observation of Platt inconsistencies along Country Club Dr.

## VI. QUASI-JUDICIAL MATTERS/PUBLIC HEARING

Attorney Rubin swore in those wishing to provide testimony.

## A. SITE PLAN AND APPEARANCE REVIEW

## 1. 200 YACHT CLUB (MIXED-USE DEVELOPMENT)

The applicant, Robbins NPB LLC, requested a Site Plan and appearance appeal with waivers to construct a mixed-use development consisting of 147 multi-family dwelling units, located at the southeast corner of Yacht Club and US Highway 1. Ken Tuma, Managing Principal of Urban Design Studios, presented the requests on behalf of the property owner.

During the presentation, Mr. Tuma provided a brief overview of the site's development history, which included the approval of a project on December 7, 2021, by the Planning Commission, pending the approval of a waiver by the Village Council. However, a previous iteration of the project was denied by the Planning Commission on September 6, 2022, for failure to meet landscape waivers requirements, and the subsequent appeal to the Village Council was also denied on October 27, 2022.

After reviewing the conditions and plans for the site, Mr. Tuma provided the following details:

- The future land designation for the site is Commercial and covers an area of 4.09 acres.
- The zoning for the site is US-1 Mixed-Use District (C-MU).
- The plan utilizes Workforce Housing density bonus.
- The building will have four (4) stories and a total of 147 units.
- Out of the total number of units, 78 will have one (1) bedroom and 69 will have two (2) bedrooms. The previously proposed townhomes have been removed from the plan.
- The commercial area will cover 1,978 square feet, including 400 square feet of outdoor restaurant seating.
- There will be a single-level parking deck and a pool on the ground floor.
- Access to the site will be provided off US Hwy 1, with closed access to the alley.
- There will be an unobstructed seven (7) foot sidewalk easement and a meandering five (5) foot sidewalk.

Mr. Tuma discussed the current and previous waivers that were requested. He provided a detailed explanation of the current waiver requests, which included adjustments to the build-to zone, building frontage, door recess, transparency, and signage. Additionally, he reviewed traffic, parking, and lighting.

Mr. Tuma referred to the list of conditions of approval provided by the staff and mentioned that the applicant requests the removal of condition Y. This condition requires the property owner to host a minimum of six (6) farmer's market or food trucks per year, which was not supported by the public feedback.

Caryn Gardner-Young presented project details and staff recommendations. She discussed changes which had taken place over the two (2) years of review. She confirmed the Workforce Housing density bonus request is consistent with the Village Code if the conditions of approval outlined in the staff report are met. Village staff has reviewed all of the submissions and determined they are in compliance with the Village regulations, concurrency has been obtained from the School Board and other service providers, traffic impacts have been approved by an independent traffic engineer, and design standards adhere to the Village Appearance and Comprehensive Plan.

Ms. Gardner-Young brought up two (2) areas she wanted the Commission to consider. She pointed out that there were no regulations in place for imposing Workforce Housing, and discussed some potential restrictions, such as rental versus ownership, subleasing, and the number of years the 30-year covenant should be imposed. She also mentioned that the common areas should be reviewed, and whether the developer should be required to hold a certain number of events per year. Ms. Gardner-Young stated that she had received two (2) emails from Susan Hoff and Suzanne Wilson, and read them out loud for the record.

Ms. Gardner-Young confirmed that proper notice had been provided on-site, in the newspaper, and in mailings. The documentation was attached to the record. She stated staff recommended approval with the 32 conditions as outlined in the staff report, with discussion on the two (2) items highlighted.

## Vice Chair Cross opened the item to public comments

*Chris Ryder, 118 Dory Road South*, expressed his acknowledgment that the current project proposal differs significantly from the previous one. Upon initial review, he found the plan to be promising, but suggested that the building façades should be redesigned as they do not align with the Master Plan's intent. He emphasized that the Code is simple and easy to understand, and raised concerns about the transparency of future development. He recommended the project for approval, but not with these elevations.

**Robert Stark, 36 Yacht Club Drive**, expressed his satisfaction with the progress of the project so far, stating that the project is moving in the right direction, but it has not yet crossed the finish line. He also mentioned that the residents were in favor of a minimum one-year rental requirement with no subleasing. He emphasized the importance of the project's location, which is across from the new Country Club, and suggested that the design should be considered. He further noted that the traffic on the corner required additional review and discussion.

*Christian Searcy, 654 Shore Road*, shared his concerns regarding the project proposal. He stated the proposal did not comply with the Comprehensive Plan, Zoning Code, and Master Plan, and that the waivers were being requested to circumvent these failures. According to him, the area was intended to be mixed-use, with focus on commercial rather than residential activities, in order to create centers of vibrant city. He also emphasized the need for commercial and retail in the Village and urged the Council to respect the will of the people.

**Deborah Cross, 2560 Pepperwood Circle South**, expressed her opinion that a mixed-use development should primarily have commercial spaces on the ground floor and residential units on the upper levels. She believed that a small restaurant, as depicted in the plans, would not adequately attract people. She also raised concerns about the transparency in commercial spaces with glass walls on the first floor. Furthermore, she suggested that the Workforce Housing restriction should be in perpetuity to ensure that affordable housing is available in the future, and that the number of unites should exceed the current limit of 25. She supported the idea that rental agreements should have a minimum of one (1) year, and asked that the conditions be set and not be abandoned once the construction is complete.

**Diane Smith, 37 Yacht Club Drive**, expressed her satisfaction with the resubmission of the development, stating that it was not as obnoxious as its originally design. She pointed out that she had reservations regarding the project. She did not see this project as the "vibrant mixed-use corridor" as described in the Master Plan, but rather as an apartment building. She also raised concerns about the location of the restaurant, suggesting it could utilize the natural view of sunsets over the driving range across the street.

*Kenneth McLeskey, 112 Nativa Circle*, expressed his views on the proposed development as a pro-business developer. He believes the landowner should be allowed to use their property as long as it adheres to the current Codes and restrictions. He raised concerns regarding the number of parking spaces planned and inquired whether electric vehicle charging was a part of the plan. He complimented the lighting plan, supported a minimum one (1) year lease term, and emphasized the importance of maintaining transparency.

*Lisa Jensen, 606 Shore Road,* expressed her agreement with the majority of the views expressed by other speakers. She highlighted that the aim of the US-1 development was to transform it into a vibrant mixed- use corridor. However, she felt that the proposed project did not meet this objective and did not qualify as mixed-use by any standard. She further added that designating three commercial plots in the Village for residential use would be a mistake and could set a negative precedent.

## Vice Chair Cross closed the public comments

Mr. Tuma responded to the public comments and stated that the applicant did not want an Airbnb and would agree to a one (1) year lease term as a condition of approval. He noted the project exceeded the requirements for parking. He further stated that the applicant had proposed what they believed was appropriate for the site, as it would fit in with the mixed-use in the corridor. He addressed concerns regarding transparency briefly.

Dr. Kennedy acknowledged the plan had significantly changed in response to the community's concerns, and he felt that the proposed plan was much more aligned with expectations. He said it was difficult to judge the appearance of the project because the materials submitted did not include revised elevations. There was a discussion regarding the lack of elevations and plans in the current submission and the applicant showed images of the elevations on the screen.

Dr. Kennedy emphasized the significance of commercial use in the mixed-use, and he asserted that it was discouraging the absence of the live-work units from the plan. He mentioned that the transparency and other requirements were meant to ensure a vibrant first floor in the corridor.

Mr. Hogarth expressed his agreement with the previously submitted architectural character. He approved the waivers and agreed with the applicant on removing the food truck requirement. He appreciated the changes made in response to the concerns of neighbors and stated that the project was consistent with the recommendations made by the consultants for the corridor.

Mr. Haigh agreed with the waivers, he noticed that there was a missed opportunity in not having landscaping between the sidewalk and curb. He suggested that there had been a previous discussion about having flexible spaces that could be used for commercial purposes and later converted to residential if they were unsuccessful. He inquired if there was any interest in continuing with that plan. Mr. Tuma replied that they were not interested in that idea.

Mr. Haigh mentioned that the landscaping around the area was a good addition and helped concealed the lack of transparency. He noted he also agreed with removing the activity condition and replacing it with a one (1) year minimum lease and prohibition on subletting.

Ms. DeWitt appreciated that the developer taken feedback into consideration, and felt that the changes made were beneficial. She mentioned that the mixed-use corridor was a longterm project, and therefore, it would be difficult to include everything in every project. She expressed her satisfaction with the mix of horizontal elements that were included

Ms. DeWitt agreed with Mr. Haigh's comments and suggested adding landscaping in the strip on the south side of US Hwy 1. To this, Mr. Tuma committed to working with Florida Department of Transportation (FDOT) to find a solution.

Ms. DeWitt suggested adding landscaping along the alleyway to enhance the area's appearance. She also recommended having designated parking spaces for the commercial part of the development, which should be marked with signs. Additionally, she proposed replacing the wall around the pool with a black aluminum fence screened with landscaping.

Ms. DeWitt acknowledged the parking concerns and suggested that it should be addressed within the Code since the project exceeded the requirements. She also pointed out that they had a lot of glass which promotes transparency.

Mr. Hicks agreed with the progress made so far and the project's positive aspects. However, he found the submission was challenging to review due to lack of elevations and other graphics that could have illustrated better. He pointed out that he had a difficult time meeting the transparency requirement on the ground floor, and going below half of it was even more difficult. Although he understood that the corridor could be seen as a whole, he was not yet willing to compromise on the intent for a vibrant mixed-use, as reflected in the transparency requirements.

Vice Chair Cross requested clarification on whether there had been any changes made to the design of the individual building elevations. Ms. Gardner-Young clarified that the design of the buildings remained the same. The discussion continued regarding the elevations of the building. Vice Chair Cross expressed his satisfaction with the overall look of the building. He acknowledged that there were concerns regarding the architecture, but felt the architects had made significant efforts to give the building a unique appearance with different features at different levels. He also mentioned that the change in access had improved the traffic, and he considered this submission a significant improvement.

Vice Chair Cross advised that his only concern was with the commercial, as he would like to see more commercial in the development. He suggested the item be abled to allow the applicant to get elevations showing what is being proposed.

According to Mr. Tuma the applicant may consider more live-work, but not more commercial. They believe they have included an appropriate amount of commercial space for the corridor and that this will serve as a catalyst for future projects.

Vice Chair Cross conducted a straw poll of the Commission and stated that he believed the Commission was ready to support the project with additional live-work space and a review of the architectural designs.

Scott Stettner, Asset Partners Inc., an attorney representing the applicant, responded to the feedback regarding the addition of more commercial square footage. He pointed out that the residents had expressed concerns about traffic and were not in favor of additional commercial space. The challenge had been to reconcile the divergent interest of the parties involved.

Councilmember Searcy informed that the entire Village took part in the charette process, as well as the Master Plan and zoning changes. She acknowledged that the developer was taking into account the needs of Yacht Club Drive, she reminded that there are 12,000 residents in the rest of the Village who also have opinions to be considered.

The Commission discussed tabling the petition and requested further direction on that they want to see brought back.

**Motion:** Thomas Hogarth moved to continue the petition to the November 14<sup>th</sup> Planning, Zoning and Adjustment Board meeting with the suggestions to the developer as follows:

- 1. A complete package with all current elevations and plans be included;
- 2. Revise the first-floor plan to include three (3) live-work units facing US Hwy 1 in Building B;
- 3. Eliminate condition Y;
- 4. Revise the conditions to add language restricting leases to one (1) year and not allowing subleasing;
- 5. Waivers are approved as requested.

Motion seconded by Kathryn DeWitt. The motion passed unanimously.

## VII. COMMISSION MEMBER COMMENTS

During the meeting, Mr. Haigh raised the issue of recent changes to the lighting in the back of the Faith Lutheran building. He requested the staff to investigate if the lights meet the parking lot lighting standards. He also pointed out that the lights are causing pollution in the neighborhood and do not shut off.

Mr. Hicks requested an update on the progress of the US Hwy 1 Bridge and Lighthouse Bridge projects.

Mr. Hogarth brought up an article in the Palm Beach Post regarding annexation strategies. He inquired about the Village's position on the matter. In response, Village Attorney Rubin informed that the item was currently under discussion.

## VILLAGE OF NORTH PALM BEACH VILLAGE ATTORNEY'S OFFICE

SUBJECT:	ORDINANCES 2 <sup>nd</sup> Reading – Involuntarily Annexation of Three Unincorporated Areas within the Village's Future Annexation Area (Area 1 – Portage Landing and Hidden Key; Area 2 – Ellison Wilson Road; and Area 3 – Pirate's Cove/Canal Road)
DATE:	December 14, 2023
FROM:	Leonard G. Rubin, Village Attorney
THRU:	Chuck Huff, Village Manager
TO:	Honorable Mayor and Council

At its October 17, 2023 special session, the Village Council directed Staff to initiate the involuntary annexation of three areas within the Village's future annexation area. Section 171.0413, Florida Statutes, authorizes the Village to annex areas of contiguous, compact, and unincorporated territory into the Village's corporate limits through the adoption of an ordinance. Each such ordinance shall propose only one reasonably compact area to be annexed. Following the adoption of each ordinance and prior to the annexation ordinance becoming effective, the Village is required to submit each ordinance to a vote of the registered electors of the area proposed to annexed. Annexation is a legislative act governed by exclusively by state statute.

As authorized by the Village Council, the Village retained the services of WGI, Inc. to prepare and file with Palm Beach County a feasibility study for each of the three areas. As required by Section 171.042(1), Florida Statutes, the feasibility study must demonstrate the Village's plans to provide urban services to the areas to be annexed. WGI completed and submitted the completed feasibility study to the County within the statutory timeframe. Additionally, as required by Section 171.042(3), Florida Statutes, the Village, with the assistance of WGI, mailed written notice to each person who resides or owns property within the areas proposed to be annexed. Finally, Village Staff and WGI worked with the Supervisor of Elections (SOE) to ensure that the SOE had all information required to prepare the necessary referendum ballots for the March election.

Each Ordinance provides for the annexation of a contiguous and compact area of unincorporated Palm Beach County and sets forth the ballot title and an explanatory statement. The referendum elections shall be conducted on March 19, 2024, the same day as the Village's general election. If a majority of the registered electors in the annexation area vote in favor of the referendum, the area will be annexed into the Village. Conversely, if a majority of the registered electors in the annexation area vote against the referendum, the Ordinance for that area shall be automatically repealed and be of no force and effect. The Village originally anticipated that the Annexation Ordinances would be effective October 1, 2024 to coincide with the Village's fiscal year. However, because the annexed areas would need to be assigned new precincts prior to the November 2024 national election, at the request of the Supervisor of Elections, each of Annexation Ordinances will be effective on January 1, 2025. Pursuant to state statute, the Ordinances must become effective within one year of the date of the referendum.

The Annexation Ordinances propose the annexation of the following properties:

## Ordinance for Annexation of Area 1:

This Ordinance annexes the neighborhoods of Portage Landing South, Portage Landing North, and Hidden Key (including the plat of Hidden Key North) into the Village. The Portage Landing neighborhood is currently contiguous with Twelve Oaks and provides contiguity to Hidden Key across Little Lake Worth. While the Hidden Key neighborhood is also included within Area 1 for the Palm Beach Gardens annexation, Portage Landing is not. The Ordinance has been amended since first reading to specifically exclude the right-of-way for Jack Nicklaus Drive (SR A1A).

### Ordinance for Annexation of Area 2:

This Ordinance annexes property located north of McLaren Road and west of Ellison Wilson Road and extends into the Intracoastal Waterway. Although the Council did discuss annexation of the area north of the "flag lot" up to the current boundary between the Village and the City on the east side of Ellison Wilson Road, the City's existing boundary on the west side of Ellison Wilson Road already extends south of the current City Center boundary due to the recent voluntary annexation of the property located at 11309 Ellison Wilson Road. Additionally, as previously discussed, the remaining property north of the "flag lot" is an enclave due to the City's annexation of Ellison Wilson Road from PGA Boulevard to the "flag lot" decades ago. While a waterway does not automatically defeat contiguity, the County objected to the inclusion of any property north of the flag lot (due to its status as an existing enclave surrounded by the City on all sides) and requested that the Village remove any reference to such property from its feasibility study. Consequently, this Ordinance only applies to the properties between McLaren Road and the "flag lot," and these properties are also included within Area 2 for the Palm Beach Gardens annexation.

#### Ordinance for Annexation of Area 3:

This Ordinance annexes the neighborhood of Pirate's Cove (south of PGA Boulevard and west of the Intracoastal Waterway), in addition to the six lots located on the eastern end of Canal Road and six lots adjacent to Easy Street. This area is <u>identical</u> to Area 3 for the City of Palm Beach Gardens annexation.

While the full fiscal impact of the annexations is unknown at this time, it is anticipated that the ad valorem taxes and other revenue derived from the annexed properties will be more than sufficient to offset the demands for service from these properties.

The attached Ordinances have been prepared by this office and reviewed for legal sufficiency.

At its November 15, 2023 regular meeting, the Village Council unanimously approved the Ordinances on first reading. In the event that a majority of the residents vote in favor of annexation in March 2024, the effective date of each Ordinance has been changed to December 1, 2024 to accommodate the request of the Supervisor of Elections that the Ordinances be effective after the November election and ensure that the properties are part of the Village as of January 1, 2025.

### Recommendation:

Village Staff requests Council consideration and approval on second and final reading of each of the three attached Ordinances involuntarily annexing contiguous, compact areas of unincorporated territory located within the Village's future annexation area into the Village subject to a referendum vote of the electors residing in the annexation areas in compliance with all statutory requirements.

## VILLAGE OF NORTH PALM BEACH COMMUNITY DEVELOPMENT DEPARTMENT

- TO: Honorable Mayor and Council
- THRU: Chuck Huff, Village Manager
- FROM: Caryn Gardner-Young, Community Development Director
- DATE: December 14, 2023
- SUBJECT: **RESOLUTION** Approving a minor amendment to the Memory Care Commercial Planned Unit Development for the installation of an aluminum canopy within the outdoor plaza of the commercial outparcel building, the installation of five (5) chimney stacks to penetrate the existing roof to accommodate three (3) wood fire ovens and two (2) fryers, and the installation of a 42 square foot wall sign on the east façade at 635 U.S. Highway One.

## **Background**

Approved in 2017, the subject 6,000 square foot building reserved for restaurant/retail/office use lies within the commercial outparcel within the previously approved Commercial PUD (CPUD) in conjunction with the adjacent 37,404 square foot Memory Care facility. Construction of the subject building was completed 2022; however, all applicable permits have been applied for in preparation of the future tenant, Desano Pizzeria, occupying the northern most tenant space. A series of five (5) waivers have been approved by Village Council as part of the final CPUD approval, which are as follows:

- A. A waiver from Section 27- 64 of the Village Code of Ordinances to eliminate trees required for the north buffer spaced at one (1) for every seventy- five (75) lineal feet of landscape buffer. No trees shall be planted within the north landscape buffer adjacent to the courtyard (spacing requirements will be modified as depicted on the Landscape Plan).
- B. A waiver from Section 45- 32(E)7 of the Village Code of Ordinances to provide a total of seventy- eight (78) parking spaces where one hundred and fifty (150) parking spaces are required.
- C. A waiver from Section 45- 36(D) of the Village Code of Ordinances to provide for a wall eight (8) feet in height adjacent to the outdoor courtyard. The Code limits the height of walls and fences to six (6) feet.
- D. A waiver from Section 45- 32(D) of the Village Code of Ordinances to allow for a front setback of ten (10) feet for placement of the commercial outparcel building. The Code requires a front setback of fifty (50) feet.

Pursuant to Ordinance No. 2017-07, the Village Council may approve minor modifications to the CPUD by resolution without the necessity of review by the Planning Commission. It should be noted that this request meets all applicable standards set forth in the Ordinance to be deemed a minor modification.

The subject +/-0.27-acre parcel is located on the west side of US Highway 1, south of Lighthouse Drive and north of Ebbtide Drive. The subject parcel is within the C-MU (Commercial Mixed-Use) zoning district and has a future land use designation of C (Commercial). The property address is 635 U.S. Highway One.

The applicant is proposing to install a 27'x40' canopy over an existing outdoor seating area, add furniture, install a wall sign on the east façade, and install five (5) chimney stacks to accommodate three (3) wood fire ovens and two (2) fryers.

#### Patio Seating Area

The applicant is seeking approval from the Village Council to install an outdoor covering measuring approximately 27 feet by 40 feet. The purpose of the covering is to protect the outdoor seating and bar area from inclement weather. The canopy will be made of aluminum columns, covered with a fixed aluminum roof. The proposal includes adding tables with individual seats under the canopy, in addition to the previously approved (6) bar seats. The outdoor area will comply with the Village Code as it relates to hours of operation, it will close at 10:30 p.m. from Monday to Thursday and at 11:00 p.m. from Friday to Sunday. No extra employees will be required to accommodate this proposal, and the existing employees will serve both the interior and exterior. However, due to the proposed number of seats and the allocation of three (3) spaces for carryout, nine (9) additional parking spaces are required. The applicant has provided a shared parking agreement for ten (10) parking spaces, which will be effective for one (1) year. A condition of approval will be requested to extend the shared parking agreement as long as there is the same number of outdoor seats.

#### <u>Signage</u>

Proposed is a 42 square foot internally lit wall sign with black background and white lettering on the east facade facing U.S. Highway One. The sign is permitted and complies with the Village's regulations.

#### Chimney Stacks

The applicant is proposing the installation of five (5) chimney stacks to accommodate the wood fire stoves and fryers in the restaurant. This is a necessary requirement for the operation of the stoves and fryers, and is crucial to the production of Desano Pizzeria's products. The proposal requires five (5) roof penetrations, and the stacks are expected to be approximately five (5) feet above the roof line. To minimize the visual impact of the stacks, the applicant will ensure that the color matches the color of the roof.

As part of the final CPUD approval, the Village Council approved a series of five (5) waivers:

- A. A waiver from Section 27-64 of the Village Code of Ordinances to remove trees required for the north buffer spaced at one (1) for every seventy-five (75) lineal feet of landscape buffer. No trees shall be planted within the north landscape buffer adjacent to the courtyard (spacing requirements will be modified as depicted on the Landscape Plan).

In October 2023, the Village Council approved an amendment to the Planned Unit Development (PUD) to allow for an indoor and outdoor bar area on the north façade including a six-seat outdoor seating area.

Pursuant to Ordinance No. 2017-07, the Village Council may approve minor modifications to the CPUD by resolution without the need for review by the Planning Commission. It is important to note that this particular request satisfies all the relevant standards outlined in the Ordinance, which qualifies it as a minor modification.

orderly development of adjacent zoning districts. The applicant is not proposing a new use but improving an existing use by completing the outdoor bar area with furniture and a cover. The original approval of the site included an outdoor seating area which is not being affected; consequently, the proposed use is in harmony with the existing approvals and the zoning district.

The location and size of the proposed use or uses, the nature and intensity of the principal use and all accessory uses, the site layout and its relation to streets giving access to it, shall be such that traffic to and from the use or uses, and the assembly of persons in connection therewith, will not be hazardous or inconvenient to the neighborhood nor conflict with the normal traffic of the neighborhood. The applicant is not proposing a new use but improving an existing use by completing the outdoor bar area with furniture and a cover. The original approval of the site included an outdoor seating area so it was expected that an assembly of persons would occur. ### VILLAGE OF NORTH PALM BEACH COMMUNITY DEVELOPMENT DEPARTMENT

TO: Honorable Mayor and Council

- THRU: Chuck Huff, Village Manager
- FROM: Caryn Gardner-Young, Community Development Director
- DATE: December 14, 2023
- SUBJECT: **RESOLUTION** Approving an Amendment to the Professional Services Agreement with WGI to increase the compensation by \$63,000 due to Annexation Feasibility Study costs and authorizing execution of the Amendment

On October 17, 2023, the Village Council held a special meeting to discuss the potential annexation of properties within the Village's future annexation area. At this meeting, the Village Council authorized Village Staff to initiate annexation proceedings pursuant to Section 171.0413, Florida Statutes.

State statute requires a feasibility study as a prerequisite to annexation. Because this is specialized work, the Village was required to retain a consultant to perform the study. The Village Council previously approved Agreements with Planning Consultants to perform work for the Village through a solicitation process and capped the compensation for each Agreement at \$50,000. One of these companies was WGI, Inc. ("WGI"). Staff met with WGI, and the company indicated that it could perform the required work within the statutory timeframe. The Village Council discussed and approved the hiring of WGI, Inc. based upon an estimated cost proposal.

Attached is the revised cost proposal based upon completion of the work. The total sum was \$63,000.37. The cost estimate was higher than anticipated due to the additional unexpected work and the effort required due to the short notice to provide necessary parties the feasibility study. WGI was able to provide the following in a timely manner:

- 1. Maps (several versions based upon Village Council, Village Staff, Supervisor of Elections and Palm Beach County comments)
- 2. Potential sources of revenue base analysis
- 3. Preparation and delivery of required documentation to Palm Beach County
- 4. Preparation and delivery of required documentation to the Supervisor of Elections
- 5. Mailing and postage for property owner notices required by Florida Statute
- 6. Sketches and Legal descriptions needed for the drafting of required Ordinances

This work was all required to by State Statute.

Village Staff is requesting that the Village Council approve an additional \$63,000 in this year's budget to cover the entire cost of the feasibility study. Although \$50,000 was already approved for WGI for this fiscal year, there are additional projects that the Village is considering, including but not limited to Comprehensive Plan Amendments and Impact Fees studies, that WGI may be the best company to perform and there would be insufficient monies to cover this work.

Neither party hereto shall be liable for its failure to perform hereunder due to any circumstances beyond its reasonable control, such as acts of God, wars, riots, national emergencies, sabotage, strikes, labor disputes, accidents, and governmental laws, ordinances, rules, or regulations. The Consultant or Village may suspend its performance under this Agreement as a result of a force majeure without being in default of this Agreement, but upon the removal of such force majeure, the Consultant or Village shall resume its performance as soon as is reasonably possible. Upon the Consultant's request, the Village shall consider the facts and extent of any failure to perform the services and, if the Consultant's failure to perform was without its or its subconsultants' fault or negligence, the schedule and/or any other affected provision of this Agreement may be revised accordingly, subject to the Village's rights to change, terminate, or stop any or all of the services at any time. No extension shall be made for delay occurring more than three (3) days before a notice of delay or claim therefore is made in writing to the Village. In the case of continuing cause of delay, only one (1) notice of delay or claim is necessary.

d. <u>Termination</u>. Either party may terminate this Agreement at any time with or without cause by giving not less than ten (10) days' written notice of termination.

e. <u>Early Termination</u>. If this Agreement is terminated before the completion of all services by the Consultant, the Consultant shall:

- 1. Stop services on the date and to the extent specified including without limitation services of any subconsultants; and
- 2. Transfer all work in progress, completed work, and other materials related to the terminated services to the Village in the format acceptable to Village.

f. Effect of Termination. Termination of this Agreement shall not affect any rights, obligations, and liabilities of the parties arising out of transactions which occurred prior to termination. Notwithstanding the foregoing, the parties acknowledge and agree that the Village is a municipal corporation and political subdivision of the state of Florida, and as such, this Agreement is subject to budgeting and appropriation by the Village of funds sufficient to pay the costs associated herewith in any fiscal year of the Village. Notwithstanding anything in this Agreement to the contrary, in the event that no funds are appropriated or budgeted by the Village's governing board in any fiscal year to pay the costs associated with the Village's obligations under this Agreement, or in the event the funds budgeted or appropriated are, or are estimated by the Village to be, insufficient to pay the costs associated with the Village's obligations hereunder in any fiscal period, then the Village will notify Consultant of such occurrence and either the Village or Consultant may terminate this Agreement by notifying the other in writing, which notice shall specify a date of termination no earlier than twenty-four (24) hours after giving of such notice. Termination in accordance with the preceding sentence shall be without penalty or expense to the Village of any kind whatsoever; however, Village shall pay Consultant for all services performed under this Agreement through the date of termination.

#### SECTION 5: COMPENSATION.

a. <u>Payments</u>. The Village agrees to compensate the Consultant in accordance with the rate schedule set forth in Exhibit "A." **The total compensation payable by the Village to Consultant during any fiscal year shall not exceed Fifty Thousand Dollars (\$50,000.00)**. The Village shall not reimburse the Consultant for any additional costs incurred as a direct or indirect result of Consultant providing services to the Village under this Agreement which exceed the amount set forth above, unless prior written approval has been obtained by the Consultant.

b. <u>Invoices</u>. Consultant shall render monthly invoices to the Village for services that have been rendered in conformity with this Agreement in the previous month. The invoices shall specify the

services performed and the time spent on the same. All reimbursable expenses shall also be clearly identified on the invoice with supporting documentation. Invoices will normally be paid within thirty (30) days following the Village's receipt of the Consultant's invoice.

#### SECTION 6: INDEMNIFICATION.

a. The Consultant, its officers, employees and agents shall indemnify and hold harmless the Village, including its officers and employees from liabilities, damages, losses, and costs, including but not limited to, reasonable attorney's fees (at the trial and appellate levels), to the extent caused by the negligence, recklessness or intentionally wrongful conduct of the Consultant and other persons employed or utilized by the Consultant in the performance of the services under this Agreement. The Village agrees to be responsible for its own negligence.

b. Nothing contained in this Agreement shall create a contractual relationship with or a cause of action in favor of a third party against either the Village or the Consultant, nor shall this Agreement be construed as a waiver of sovereign immunity for the Village beyond the waiver provided in section 768.28, Florida Statutes.

**SECTION 7**: <u>COMPLIANCE AND DISQUALIFICATION</u>. Each of the parties agrees to perform its responsibilities under this Agreement in conformance with all laws, regulations and administrative instructions that relate to the parties' performance of this Agreement.

**SECTION 8**: <u>PERSONNEL</u>. The Consultant represents that it has, or will secure at its own expense, all necessary personnel required to perform the services under this Agreement. Such personnel shall not be employees of or have any contractual relationship with the Village. All of the services required hereunder shall be performed by the Consultant or under its supervision, and all personnel engaged in performing the services shall be fully qualified and authorized or permitted under federal, state, and local law to perform such services.

**SECTION 9**: <u>SUB-CONSULTANTS</u>. The Village reserves the right to accept the use of a sub-consultant or to reject the selection of a particular sub-consultant and approve all qualifications of any sub-consultant in order to make a determination as to the capability of the sub-consultant to perform properly under this Agreement. All sub-consultants providing professional services to the Consultant under this Agreement will also be required to provide their own insurance coverage identical to those contained in this Agreement. In the event that a sub-consultant does not have insurance or does not meet the insurance limits as stated in this Agreement, the Consultant shall indemnify and hold harmless the Village for any claim in excess of the sub-consultant's insurance coverage, arising out of the negligent acts, errors, or omissions of the sub-consultant. The Consultant shall not charge an administrative fee or surcharge on any sub-consultant's services; all sub-consultant costs shall be a direct pass-through cost to the Village.

**SECTION 10**: <u>FEDERAL AND STATE TAX</u>. The Village is exempt from payment of Florida State Sales and Use Tax. The Consultant is not authorized to use the Village's Tax Exemption Number.

#### SECTION 11: INSURANCE.

a. Prior to commencing any services, the Consultant shall provide proof of insurance coverage as required hereunder. Such insurance policy(s) shall be issued by the United States Treasury or insurance carriers approved and authorized to do business in the State of Florida, and who must have a rating of no less than "excellent" by A.M. Best or as mutually agreed upon by the Village and the Consultant. All such insurance policies may not be modified or terminated without the express written authorization of the Village.

Type of Coverage	Amount of Coverage

Contractual, insurance broad form property, Independent Consultant, personal injury)	\$2,000,000 annual aggregate
Automobile (owned, non-owned, & hired)	\$500,000 per occurrence
Worker's Compensation	\$ statutory limits

b. The commercial general liability and automobile policies will name the Village as an additional insured and proof of all insurance coverage shall be furnished to the Village by way of an endorsement to same or certificate of insurance prior to the provision of services. The certificates shall clearly indicate that the Consultant has obtained insurance of the type, amount, and classification as required for strict compliance with this section. Failure to comply with the foregoing requirements shall not relieve Consultant of its liability and obligations under this Agreement.

c. Consultant hereby waives any and all rights to subrogation against the Village, its officers, employees, and agents for each required policy. When required by the insurer, or should a policy condition not permit an insured to enter into a pre-loss agreement to waive subrogation without an endorsement, then Consultant shall agree to notify the insurer and request the policy be endorsed with a Waiver of Transfer of Rights of Recovery Against Others, or its equivalent. This Waiver of Subrogation requirement shall not apply to any policy, which a condition to the policy specifically prohibits such an endorsement, or voids coverage should Consultant enter into such an agreement on a pre-loss basis.

**SECTION 12**: <u>SUCCESSORS AND ASSIGNS</u>. The Village and the Consultant each binds itself and its partners, successors, executors, administrators, and assigns to the other party of this Agreement and to the partners, successors, executors, administrators and assigns of such other party, in respect to all covenants of this Agreement. Except as agreed in writing by all parties, this Agreement is not assignable.

**SECTION 13**: <u>GOVERNING LAW, VENUE AND REMEDIES</u>. This Agreement shall be governed by the laws of the State of Florida. Any and all legal action necessary to enforce the Agreement will be held in Palm Beach County. No remedy herein conferred upon any party is intended to be exclusive of any other remedy, and each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder shall preclude any other or further exercise thereof.

**SECTION 14**: <u>WAIVER OF JURY TRIAL</u>. TO ENCOURAGE PROMPT AND EQUITABLE RESOLUTION OF ANY LITIGATION, EACH PARTY HEREBY WAIVES ITS RIGHTS TO A TRIAL BY JURY IN ANY LITIGATION RELATED TO THIS AGREEMENT.

**SECTION 15**: <u>ACCESS AND AUDITS</u>. The Consultant shall maintain adequate records to justify all payments made by the Village under this Agreement for at least three (3) years after completion of this Agreement and longer if required by applicable federal or state law. The Village shall have access to such books, records, and documents as required in this section for the purpose of inspection or audit during normal business hours, at the Consultant's place of business. In no circumstances will Consultant be required to disclose any confidential or proprietary information regarding its products and service costs.

SECTION 16: <u>NONDISCRIMINATION</u>. The Consultant warrants and represents that all of its employees are treated equally during employment without regard to race, color, religion, disability, sex, age, national origin, ancestry, marital status, or sexual orientation.

**SECTION 17**: <u>AUTHORITY TO PRACTICE</u>. The Consultant hereby represents and warrants that it has and will continue to maintain all licenses and approvals required to conduct its business and provide the services required under this Agreement, and that it will at all times conduct its business and provide the services under this Agreement in a reputable manner. The Consultant further certifies that it and its affiliates have not been placed on the Convicted Vendor List under section 287.133, Florida Statutes. The Village and the Consultant agree that the Village shall have the right to immediately terminate this Agreement if the Consultant, its authorized sub-consultants or affiliates are placed on the Scrutinized Companies that Boycott Israel List, are engaged in a boycott of Israel, or are placed on the Convicted Vendor List maintained by the State of Florida.</u>

**SECTION 24**: <u>MATERIALITY</u>. All provisions of the Agreement shall be deemed material. In the event Consultant fails to comply with any of the provisions contained in this Agreement or exhibits, amendments and addenda attached hereto, said failure shall be deemed a material breach of this Agreement and Village may at its option provide notice to the Consultant to terminate for cause.

**SECTION 25**: <u>LEGAL EFFECT</u>. This Agreement shall not become binding and effective until approved by the Village. The Effective Date is the date this Agreement is executed by the Village.

**SECTION 26**: <u>NOTICE OF COMPLAINTS, SUITS, AND REGULATORY VIOLATIONS</u>. # VILLAGE OF NORTH PALM BEACH Leisure Services

- TO: Honorable Mayor and Members of the Village Council
- THRU: Chuck Huff, Village Manager
- FROM: Zakariya M. Sherman, Director of Leisure Services
- DATE: December 14, 2023
- SUBJECT: **RESOLUTION** Approving a Contract with Big Fun, Inc. for Heritage Day Amusement Rides at a Total Cost Not to Exceed \$85,050, and authorizing the Mayor and Village Clerk to execute a Contract for such services in accordance with Village policies and procedures.

#### **Background:**

On August 22, 2023, the Village issued an RFP for Heritage Day Amusement Rides, with the option to yearly renew for two more years: FY 2025, FY 2026.

A Selection Committee consisting of Leisure Services Director Zak Sherman, Library Manager Julie Morrell, and Parks and Recreation Administrative Coordinator Becky Ring participated in the initial review of the proposals. The following firm submitted their sealed proposal on September 20, 2023:

• Big Fun, Inc.

Based upon the Committee's review of the proposal, the Committee recommends that the Contract be awarded the bid to Big Fun, Inc. It is worth noting that Big Fun, Inc. has been the Village's "go-to" provider for the Heritage Day Festival for several years running.

#### Scope of Work:

The scope of work includes carnival rides (Staff is proposing 11), several amusements (games), and a couple of concessions to be provided during the 2024 Heritage Day Festival. The scope encompasses the provision of all materials, labor, and inspections, as well as a thorough post-event cleanup. While the contract is in place for three years, it may be subject to earlier termination as per standard conditions. Renewals up to 2026 hinge on satisfactory performance and the mutual agreement of the parties.

#### Funding:

Parks and Recreation budgeted over \$95,000 for Heritage Day Expenses in FY24.

#### Account Information:

Fund	Department	Account Number	Account Description	Amount
General Fund	Parks and Recreation	A8229-35650	Heritage Weekend Expense	\$85,050

The attached Resolution and Contract have been prepared and/or reviewed by the Village Attorney for legal sufficiency.

#### **Recommendation:**

Village Staff requests Council consideration and approval of the attached Resolution approving a contract with Big Fun, Inc. for a Heritage Day Amusement Rides (FY 2024 through FY 2026 at a total annual cost not to exceed \$85,050.00, with funds expended from Account Number A8229-35650 (Recreation – Heritage Weekend Expense), and authorizing the Mayor and Village Clerk to execute a Contract for such services in accordance with Village policies and procedures.

A. CONTRACTOR shall provide all goods and services in accordance with the terms of the Request for Proposals and this Contract. Time is of the essence.

B. In the event of unpreventable acts or occurrences wholly beyond the control of and attributable to CONTRACTOR or the VILLAGE, including, by way of example, acts of God, fire, flood, riots, war, terrorist activities, drought conditions, hurricanes or other severe and unforeseen storm events ("Force Majeure Events"), prevent the CONTRACTOR from performing the services contemplated by this Contract, the CONTRACTOR shall be excused from performance under the terms of this Contract and the VILLAGE shall be relieved from payment for such services.

C. Notwithstanding the foregoing, CONTRACTOR shall not be entitled to an increase in the agreed to compensation in this Contract or payment or compensation of any kind from the VILLAGE for direct, indirect, consequential, impact or other costs, expenses or damages, including but not limited to costs of acceleration or inefficiency, arising because of delay, disruption, interference or hindrance from any cause whatsoever. Provided, however, that this provision shall not preclude recovery or damages by CONTRACTOR for hindrances or delays due solely to fraud, bad faith or active interference on the part of the VILLAGE or its agents.

D. This Contract shall become effective upon approval by the VILLAGE Council and shall remain in effect for a period of three (3) years, unless earlier terminated in accordance with Article 7. Any variation to the terms and conditions set forth herein shall be in writing and signed by both parties.

# ARTICLE 3. VILLAGE'S REPRESENTATIVE.

Unless otherwise specified by the VILLAGE, the VILLAGE's representative shall be Zakariya Sherman, Director of Leisure Services. The Village Manager or Village Representative shall have the right at all reasonable times during the term of this Contract to inspect or otherwise evaluate the work being performed thereunder and the premises in which it is being performed.

# ARTICLE 4. COMPENSATION AND METHOD OF PAYMENT.

The VILLAGE agrees to compensate CONTRACTOR for the provision of all goods and services set forth in the Request for Proposals and as stated in CONTRACTOR's Proposal in an amount not to exceed <u>Eighty-Five Thousand Fifty Dollars and No Cents (\$85,050.00)</u> for each year of the Contract. All pricing shall be in accordance with CONTRACTOR's Proposal.

B. The VILLAGE shall pay CONTRACTOR a deposit of up to fifty percent (50%) within ten (10) days after execution of this Contract by the VILLAGE for services to be performed in 2024. The balance of the compensation due to the CONTRACTOR for 2024 shall be paid subsequent to the Heritage Day event upon satisfactory completion of all services. The VILLAGE and CONTRACTOR shall agree to deposit payment dates for services performed in 2025 and 2026, with final payment for each year to be paid subsequent to the Heritage Day event upon satisfactory completion of all services.

C. CONTRACTOR shall submit an invoice(s) to the VILLAGE for said compensation on the date and time mutually agreed upon by the VILLAGE and CONTRACTOR. All invoice(s) received from CONTRACTOR pursuant to this Contract will be reviewed and approved by the VILLAGE's representative, indicating that goods and services have been provided and rendered in conformity with the Contract and then will be sent to the Finance Department for payment. All payments made by the VILLAGE pursuant to this Contract shall be in accordance with Florida's Prompt Payment Act (Non-Construction Services).

D. Services undertaken or expenses incurred that exceed the amount set forth in this Contract without prior written authorization from the VILLAGE shall be the sole liability of CONTRACTOR.

E. CONTRACTOR waives consequential or incidental damages for claims, disputes or other matters in question arising out of or relating to this Contract.

F. In order for both parties herein to close their books and records, CONTRACTOR will clearly state "final invoice" on CONTRACTOR's final/last billing to the VILLAGE. This certifies that all goods have been provided and services performed and all charges have been invoiced to the VILLAGE. Since this account will thereupon be closed, any and other further charges if not properly included in this final invoice are waived by CONTRACTOR. The VILLAGE will not be liable for any invoice from CONTRACTOR submitted thirty (30) days after the provision of the required goods and services.

G. If the VILLAGE disputes any invoice or part of an invoice, VILLAGE shall notify CONTRACTOR of such dispute within fifteen (15) days of receipt of the invoice. VILLAGE reserves the right to off-set, reduce or withhold any payment to CONTRACTOR in accordance with the terms and conditions of this Contract.

# **ARTICLE 5. INDEMNIFICATION.**

A. To the fullest extent permitted by applicable laws and regulations, CONTRACTOR shall indemnify and save harmless and defend the VILLAGE, its officials, agents, servants, and employees from and against any and all claims, liability, losses, and/or causes of action arising out of or in any way related to the services furnished by the CONTRACTOR pursuant to this Contract, including, but not limited to, those caused by or arising out of any act, omission, negligence or default of the CONTRACTOR and/or its subcontractors, agents, servants or employees.

B. The CONTRACTOR shall not be required to indemnify the VILLAGE, its officials, agents, servants and employees when the occurrence results solely from the wrongful acts or omissions of the VILLAGE, its officials, agents, servants and employees. The terms of this Section shall survive completion of all services, obligations and duties provided for in this Contract as well as the termination of this Agreement for any reason.

C. Nothing contained in this Contract shall create a contractual relationship with or a cause of action in favor of a third party against either the VILLAGE or the CONTRACTOR, nor shall this Contract be construed a waiver of sovereign immunity beyond the limited waiver provided in Section 768.28, Florida Statutes.

Except as above, neither the VILLAGE nor CONTRACTOR shall assign, sublet, convey or transfer its interest in this Contract without the written consent of the other. VILLAGE which may be a party hereto, nor shall it be construed as giving any rights or benefits hereunder to anyone other than the VILLAGE and CONTRACTOR.

# ARTICLE 11. GOVERNING LAW, VENUE AND REMEDIES.

Upon receipt by CONTRACTOR of the VILLAGE's notification of a contemplated change, CONTRACTOR shall, in writing, provide a detailed estimate for the increase or decrease in cost due to the contemplated change.

B. If the VILLAGE elects to make the change, the VILLAGE shall initiate a Contract Amendment and CONTRACTOR shall not commence work on any such change until such written amendment is signed by CONTRACTOR and approved and executed by the VILLAGE.

Big Fun, Inc. based in Jensen Beach, Florida, is a full service amusement company providing Rides, Games, and Food concessions to Fairs, Festivals, City Celebrations, Corporate Events and Music Festivals throughout North America.

President and owner Michael Doolan's parents John and Tina started the family business, Doolan Amusement Co. in 1970, and the two companies continue to work together, producing events.

John Doolan, at 86, is still actively involved with the day to day operations of the business. With tasks such as overseeing the maintenance operations at our shop, and on-site duties overseeing the cleaning, and lighting of our equipment. Mr. Doolan is a vital component to our business, and success.

Incorporated in Florida in 2004, Big Fun, Inc. has established itself as one of the premier amusement companies in South Florida and beyond. Operating in Florida during the winter months, the summer months have Big Fun equipment traveling the East Coast as far North as New Hampshire. Working with associates across North America, Big Fun is contracted and trusted with providing rides to events as far West as San Diego, and North to Washington State. We have also, provided our services to Ontario's largest Country Music Festival, loaded our rides on a cargo ship for an event in Puerto Rico, as well as a barge to cross the Hudson River to Governor's Island. Providing amusement rides is what we do, and no location, so far, has been to far.

With the Heritage Day Festival being one of the Village of North Palm Beach's premier events, it's imperative that the finished product represent the community in the finest light.

With this in mind and a personal requirement of Big Fun, Inc. for all Big Fun produced events only the finest equipment available will be delivered and operated at the event. Working within the allotted time frame we will deliver, set up and have the rides inspected, permitted and ready for the event opening on Saturday. Upon completion of the festival the rides, games and food concessions will be removed in a timely manner.

Insured by Haas and Wilkerson Insurance Company, Big Fun, Inc. carries all of the required insurance policies for the event. Additionally, Big Fun has the ability to offer excess coverage bringing the total liability coverage to \$6 million per occurrence for those events wanting additional coverage.

## VILLAGE OF NORTH PALM BEACH OFFICE OF THE VILLAGE CLERK

TO: Honorable Mayor and Council

THRU: Chuck Huff, Village Manager

FROM: Jessica Green, Village Clerk

DATE: December 14, 2023

SUBJECT: **RESOLUTION** – Participation Agreement with Palm Beach County for Publication of Legal Notices on County Designated Publicly Accessible Website and Amending the Purchasing Policies and Procedures

Due to the enactment of Senate Bill 7049, governmental agencies have permission under certain circumstances, to publish legal notices on a publicly accessible website designated by the County in lieu of publishing in a printed newspaper

Staff received a phone call from a representative of Civic Plus LLC informing the Village that Palm Beach County had entered into an agreement with Civic Plus, LLC as the County's "Publicly Accessible Website". Subsequently, a virtual meeting took place between staff and representatives of Civic Plus LLC where the process for entering into a Governmental Agency Order with Palm Beach County and Civic Plus LLC to utilize the publicly accessible website to publish legal notices was outlined.

The following are the costs included in Exhibit B of the Agreement and associated with the Order:

One Time Implementation: \$2,000 each participant

Annual Cost – Year 1: \$6,000 (Tier 2: Municipality with a population between 10,000 and 39,999)

<u>Early Adopter Incentive</u>: Governmental Agencies that execute a Participation Agreement and an Order prior to December 31, 2023, will receive a 100% waiver of one-time implementation fees.

<u>Annual Price Adjustment</u>: The Annual Rates shown in this Exhibit B will increase by 3% annually, beginning on the first anniversary of the Effective Date of this Agreement and each anniversary thereafter.

Per the newly enacted law, the Village is not obligated to utilize the website for publishing legal notices, but presents an efficient and cost effective alternative to publishing legal notices in print newspapers.

The Village has spent an average of \$8,700 per fiscal year over the last three (3) fiscal years on legal advertisements, which include Ordinances, Special Exceptions, Requests for Proposals, Elections etc.

The attached Resolution has been prepared and/or reviewed for legal sufficiency by the Village Attorney.

#### Recommendation:

A RESOLUTION OF THE VILLAGE COUNCIL OF THE VILLAGE OF NORTH PALM BEACH, FLORIDA, APPROVING A PARTICIPATION AGREEMENT WITH PALM BEACH COUNTY FOR PUBLICATION OF LEGAL NOTICES ON THE COUNTY DESIGNATED PUBLICLY ACCESSIBLE WEBSITE AND AUTHORIZING THE VILLAGE MANAGER AND VILLAGE CLERK TO EXECUTE ALL DOCUMENTS REQUIRED FOR SUCH PARTICIPATION; REVISING THE VILLAGE'S PURCHASING POLICIES AND PROCEDURES TO ALLOW FOR PUBLICATION ON THE WEBSITE; PROVIDING FOR CONFLICTS; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Village wishes to revise its Purchasing Policies and Procedures to allow publication of required notices on the website in lieu of newspaper publication; and

WHEREAS, the Village Council determines that the adoption of this Resolution is in the best interests of the Village and its residents.

CivicPlus, LLC, shall provide all necessary software, licensing, maintenance, and training required to deliver access to the Website for each Governmental Agency that issues an Order, and to provide public access to all Notices posted on the Website. 3.3. CivicPlus, LLC, may continually develop, alter, deliver, and provide to the Governmental Agencies ongoing innovation to the Services, in the form of new features and functionalities. CivicPlus, LLC, reserves the right to modify the Services from time to time, provided the Services continue to provide at least the minimum functionality stated in Exhibit A. ## ARTICLE 4. TERM AND TIME OF PERFORMANCE

4.1. <u>Term</u>. This Agreement begins on the date it is fully executed by the Parties ("Effective Date") and continues for a period of two (2) years ("Initial Term"), unless otherwise terminated or extended as provided in this Agreement. The Initial Term, Extension Term(s), and any Additional Extension as defined in this article are collectively referred to as the "Term."

4.2. <u>Extensions</u>. County may extend this Agreement for up to three (3) additional twelve (12) month terms (each an "Extension Term") on the same rates, terms, and conditions stated in this Agreement by sending notice to CivicPlus, LLC, at least thirty (30) days prior to the expiration of the then-current term. The Purchasing Director is authorized to exercise any Extension Term(s), and notice of same to CivicPlus, LLC, only by electronic mail shall be effective and sufficient.

4.3. Additional Extension. If unusual or exceptional circumstances, as determined in the sole discretion of the Purchasing Director, render the exercise of an Extension Term not practicable, or if no Extension Term remains available and expiration of this Agreement would, as determined by the Purchasing Director, result in a gap in Services deemed necessary by County, then the Purchasing Director may extend this Agreement for period(s) not to exceed three (3) months in the aggregate ("Additional Extension") on the same rates, terms, and conditions as existed at the end of the then-current term. The Purchasing Director may exercise the Additional Extension by written notice to CivicPlus, LLC, at least thirty (30) days prior to the end of the then-current term stating the duration of the Additional Extension. The Additional Extension must be within the authority of the Purchasing Director or otherwise authorized by the Board.

4.4. <u>Fiscal Year</u>. The continuation of this Agreement beyond the end of any County fiscal year is subject to both the appropriation and the availability of funds pursuant to Chapter 129 and, if applicable, Chapter 212, Florida Statutes.

4.5. <u>Time of the Essence</u>. Time is of the essence for CivicPlus, LLC,'s performance of the duties, obligations, and responsibilities required by this Agreement. Notwithstanding the foregoing, CivicPlus, LLC, shall only be liable or responsible for delays or failures of performances caused by the action or inaction of CivicPlus, LLC.

## ARTICLE 5. RATES AND COMPENSATION

5.1. <u>Rates</u>. The rates for the Services to be provided to Governmental Agencies pursuant to executed Orders under this Agreement are set forth in Exhibit B (Rates).

Page **3** of **41** 

5.2. <u>Method of Billing and Payment</u>. Payment shall be made by the Governmental Agency issuing the Order, and only for Services actually purchased pursuant to that Order, which amount shall be accepted by CivicPlus, LLC, as full compensation for all such Services.

5.2.1. Unless otherwise stated in Exhibit B, CivicPlus, LLC, must submit invoices no more often than once annually, no more than ninety (90) days prior to end of the current Order term. Invoices shall identify the Order for which Services are being invoiced. Invoices shall require payment in forty-five (45) days.

5.2.2. CivicPlus, LLC, must pay Subcontractors and suppliers within fifteen (15) days after receipt of payment for such subcontracted work or supplies. CivicPlus, LLC, agrees that if it withholds an amount as retainage from Subcontractors or suppliers, it will release such retainage and pay same within fifteen (15) days after receipt of payment of retained amounts. Failure to pay a Subcontractor or supplier in accordance with this subsection shall be a material breach of this Agreement, unless CivicPlus, LLC, demonstrates to Contract Administrator's satisfaction that such failure to pay results from a bona fide dispute with the Subcontractor or supplier and, further, CivicPlus, LLC, promptly pays the applicable amount(s) to the Subcontractor or supplier upon resolution of the dispute. CivicPlus, LLC, shall include requirements substantially similar to those set forth in this subsection in its contracts with Subcontractors and suppliers.

5.2.3. CivicPlus, LLC, will be solely responsible for invoicing each Governmental Agency directly for the Services. County will not have any obligation, financial or otherwise, to either pay CivicPlus, LLC, for services provided to any Governmental Agency or to assist CivicPlus, LLC, in obtaining payment from a Governmental Agency procuring Services from CivicPlus, LLC, pursuant to this Agreement.

5.3. <u>Reimbursable Expenses</u>. CivicPlus, LLC, shall not be reimbursed for any expenses it incurs unless expressly provided for in this Agreement.

5.4. <u>Subcontractors</u>. CivicPlus, LLC, shall invoice Subcontractor fees only in the actual amount paid by CivicPlus, LLC,, without markup or other adjustment.

5.5. <u>Overcharges</u>. If an audit reveals overcharges of any nature by CivicPlus, LLC, in excess of five percent (5%) of the total amount billed in the invoice where the overcharge occurred, CivicPlus, LLC, must refund the overbilled amount within forty-five (45) days after demand.

TO: Honorable Mayor and Council

BY: Chuck Huff, Village Manager

THRU: James Anthony, Facilities Manager/Public Works

DATE: December 14, 2023

SUBJECT: **RESOLUTION** – Approving the purchase of air handlers for Public Safety from Carrier Corporation in the amount of \$250,770.47 and authorizing execution of a Contract

Village Staff is recommending Village Council consideration and adoption of a Resolution approving the purchase of new air handler units for the Public Safety Building.

### Background:

The Village's Public Works Facilities Department has determined that the air handlers at Public Safety have significantly exceeded their useful service life and must be replaced as soon as practicable. The current air handlers are original equipment and approximately 25 years old. The anticipated life span for air handlers is between ten and fifteen years. The need for replacement is urgent.

The environment, namely the salt air from the ocean, has contributed to the deterioration of the air handlers to a significant degree. These air handlers now require near constant service and go offline on a regular basis.

### Purchasing:

Carrier Corporation has been awarded a multi-year cooperative purchasing contract in the Utility category through Sourcewell (a cooperative purchasing agency of which the Village is a member). The new air handlers will be corrosion resistant and contain non-proprietary parts. Additionally, there will be a complete parts warranty for five years on the new units. The cost breakdown is provided in the table below *(due to the nature of this project, Village Staff is requesting a 5% project contingency)*:

Description	Amount
Equipment	\$88,894.02
Installation	\$149,935
Subtotal	\$238,829.02
5% Contingency	\$11,941.45
Total w/ Contingency	\$250,770.47

Trane Commercial Services also provided a quote on this air handler package. Trane quoted \$392,595.82. This system was both far more expensive and uses proprietary Trane motors. This would substantially limit the Village's ability to economically service these units after the initial warranty period.

### Account Information:

Fund	Department	Account Number	Account Description	Amount
Special Projects Fund	Special Projects Fund Expense	Q5541-66490	Machinery & Equipment	\$250,770.47

The attached Resolution and Contract have been prepared and/or reviewed for legal sufficiency by the Village Attorney.

### **Recommendation:**

Village Staff requests Council consideration and approval of the attached Resolution approving the purchase of new air handlers for Public Safety from Carrier Corporation pursuant to pricing established in an existing Sourcewell Cooperative Purchasing Agreement at a total cost not to exceed \$238,829.02 (with a total project cost of 250,770.47 including contingency), with funds expended from Special Projects Fund Account No. Q5541-66490 (Machinery & Equipment), and authorizing the Mayor and Village Clerk to execute the a Contract for this purchase in accordance with Village policies and procedures.

The following list only applies when a Participating Entity accesses Supplier's Equipment, Products, or Services with United States federal funds.

A. EQUAL EMPLOYMENT OPPORTUNITY. Except as otherwise provided under 41 C.F.R. § 60, all contracts that meet the definition of "federally assisted construction contract" in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. §60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 C.F.R. §, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 C.F.R. § 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor." In addition, contractors must be required to pay wages not less than once a week. The non-federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The requirements of 40 U.S.C. § 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence. Describe your company's capability to meet the needs of Sourcewell participating entities across the US and Canada, as applicable. Your response should address in detail at least the following areas: locations of your network of sales and service providers, the number of workers (full-time equivalents) involved in each sector, whether these workers are your direct employees (or employees of a third party), and any overlap between the sales and service functions.

Line Item	Question	Response *
25	Sales force.	In North America, Carrier Commercial Service is geographically managed through the Service Center of Excellence, in Charlotte, NC. This centralized location works with 99 field offices that cover the entire continental United States, Hawaii, and Canada.
26	Dealer network or other distribution methods.	Carrier has both company owned direct sales offices, independent distributors and joint venture distributors. In May 1999 Carrier and Watsco, Inc. formed a joint venture to distribute Carrier, Bryant, Payne equipment and Totaline parts. The new name for this distribution network is Carrier Enterprises. These distributors were previously owned 100% by Carrier.
27	Service force.	Commercial Service employs over 2,000 management, professional, clerical personnel, service technicians and technical engineers. We have over 30 million man-hours of service experience. Service technicians belong to local pipefitters unions (optional in right-to-work states), which are part of the United Association of Plumbers and Steamfitters.
28	Describe in detail the process and procedure of your customer service program, if applicable. In-depth analysis, with our proprietary diagnostic tools, increases reliability and minimizes downline. Carrier Commercial Service will notify you of any potential issues long before you realize there is a problem. ### Table 8: Value-Added Attributes

Line Item	Question	Response *	
38	Describe any product, equipment, maintenance, or operator training programs that you offer to Sourcewell participating entities. Include details, such as whether training is standard or optional, who provides training, and any costs that apply.	At the customers option, Carrier may provide equipment operation training at the customer's facility. This training generally lasts several hours in duration, and encompasses unit operation, weekly routine operations checks, and minor troubleshooting. In addition, the customer may attend factory training at the Service Center of Excellence in Charlotte, N.C.	
39	Describe any technological advances that your proposed products or services offer.	Carrier® SMART Service is a dynamic, proactive strategy for enhanced equipment and system management. Through the identification and analysis of chiller and system operating trends, more informed decisions can now be made relative to meeting comfort demands, implementing service, maintenance or repair events and improving a building's financial performance. The benefits include insight into chiller operation and trends, early indication of equipment problems, maximum operating efficiency, mitigating risks by identifying and correcting minor problems before they lead to expensive repairs.	
40	Describe any "green" initiatives that relate to your company or to your products or services, and include a list of the certifying agency for each.	One of the U.S. Government's testing agencies recently found that Carrier's variable-speed screw chiller consumed less energy and offered a greater range of operating conditions than alternative water-cooled chiller technology. Overseen by the General Services Administration, the Green Proving Ground program appointed Oak Ridge National Laboratory to perform real-world testing of two chillers: one with variable-speed screw technology and the other with maglev centrifugal technology. The findings showed variable-speed screw technology, like that in Carrier's AquaEdge® 23XRV water-cooled chiller, was more efficient, more versatile and required less maintenance than the maglev centrifugal and at a lower installed cost. When compared across a broad range of operating conditions, the variable-speed screw chiller consumed 11 percent less energy than the maglev centrifugal chiller. Based on the data, the variable-speed screw chiller also has an equipment price that is more than 30 percent lower than the maglev centrifugal chiller with the same cooling capacity.	
41	Identify any third-party issued eco-labels, ratings or certifications that your company has received for the equipment or products included in your Proposal related to energy efficiency or conservation, life-cycle design (cradle-to-cradle), or other green/sustainability factors.	With Weather Series Rooftop Units featuring EcoBlue™ Technology, Carrier is proving that not all rooftops are created equal. EcoBlue™ Technology includes a more compact vane axial fan, which is an industry first for packaged rooftop units, along with a simplified design that helps lower installation and maintenance costs. Carrier shall at its option repair or replace, F.O.B. point of sale, any equipment, part or component sold by Carrier and determined to be defective within one (1) year from the date of initial operation or eighteen (18) months from date of shipment, whichever is earlier. Carrier does not warrant products not manufactured by Carrier Corporation, but it does pass on to Customer any available manufacturer's warranty for those products. Carrier warrants that all service provided by Carrier hereunder shall be performed in a workmanlike manner. In the event any such service is determined to be defective within ninety (90) days of completion of that service, Carrier shall at its option re-perform or issue a credit for such service, Carrier's obligation to repair or replace any defective equipment, parts or components during the warranty period shall be Customer's exclusive remedy. Carrier shall not be responsible for labor charges for transportation, handling and shipping or refrigerant loss, or for repairs or replacement of such equipment, parts or components, required as a consequence of faulty installation, misapplication, vandalism, abuse, exposure to chemicals, improper servicing, unauthorized alteration or improper operation by persons other than Carrier.

Carrier offers its customers long-term service agreements providing them with knowledge on new cost- saving and environmental technologies, preventive maintenance, and recommendations on current controls systems. In addition, Carrier has a unique remote diagnostic monitoring tool that can detect potential service problems before they occur. Carrier seeks to reduce the clients operating costs through equipment optimization, equipment baseline
		analysis, building management solutions, energy savings solutions, equipment modernization, including: retrofit and upgrades and turnkey replacement solutions. Other key resources include: Field service engineers, standard work instructions, expedited parts availability and CarrierROLE®, remote online experts

52	Describe any service standards or guarantees that apply to your services (policies, metrics, KPIs, etc.)	Quality Assurance of Products & Services
		In early 1990, Carrier's Service Marketing Division developed a process for Service Product Design and Implementation. Once a concept is established, it progresses through a feasibility study, where customers are consulted via focus groups or questionnaires. If management approval is obtained, a multi-functional team selected from marketing and operations is formed to undertake the project.
		Consequently, field training must take place for the proper delivery of the service product. This can be a concurrent activity with the technical training that must accompany each product. Training sessions are held at the region or district offices, with all office personnel involved. This includes the clerical people who administer the product, the engineers who may be called upon to install the product, the managers who manage the product's introduction, and the technicians who are involved in product installation and delivery.
		In product introduction, the project manager meets with quality review teams and suppliers to assure that the final product meets the initial goals for the product. Once the product is field implemented, the Customer Service Report (CSR) provides the means to communicate product deficiencies. Service marketing compiles the data via statistical analysis and the information is passed on to the appropriate suppliers.
		What service was sold versus what service was performed is a key indicator in the service business. Method of documentation of this indicator includes a computerized scheduling system, and the Customer Service Report (CSR) time tickets.
		The Customer Service Report (CSR), is a critical document for conformity. The CSR consists of several sections. The equipment information, model and serial numbers are recorded to identify the machine. A task code is used to identify the work done. Additionally, operating log readings are taken to verify the proper operation of the machine within design conditions. Calculations are done by the mechanic to confirm that operation is within the design specifications. Space on the form is dedicated to parts used, written description of work done and abnormalities discovered by the servicing mechanic. Finally, after all service is performed, customer signatures are obtained to verify that the work was done to the customer's satisfaction.
		The service performance key indicators are measured monthly by management. If any discrepancies are noted, the next level of management meets with the entity, determines the root cause of the existing performance as a comparison to plan and develop action plans to rectify the situation. These action plans detail specific areas of concern, outlining actions to be taken, timing, and responsibilities. Monthly follow-ups are conducted and actual results compared to planned results. Further corrective actions are taken as required.
		For product hardware, statistics and data compiled by the CSR Report feedback process determines product deficiencies. Its purpose is to allow the mechanic to receive technical assistance during startup, to give feedback to engineering on problems encountered with the unit. This information is shared with the components supplier and action items implemented to correct the situation. Management makes a required vendor visit to assure that the proper actions are implemented.
		In a distributed technical organization, there is the need to communicate service instructions across the nation. The principle vehicles for these transfers of information are the Service Bulletin and Equipment Technical Manuals.
		The need to generate technical bulletins is created by the input received from the field service organization through Customer Service Report (CSR) documents which are reviewed by U.S Field Operations (USFO) customer assurance personnel and field requests for assistance.
		Carrier uses both formal and informal approaches to assess the quality of its systems, processes, practices, products and services. Formally, Carrier Systems and Services assess the quality of the above with measurements. Some of the measurements include yearly audits (i.e., policies, procedures, purchasing, signature authority, safety), product failure rates on a monthly basis, service agreement cancellations, customer surveys (customer satisfaction index), and customer complaints.
		There are Product Management Councils set up to monitor, review and take action for specific products. Examples are the chiller, airside products, and controls products quality councils which meet on a quarterly basis or as required.
		Carrier is committed to delivering a quality product or service at an appropriate price. We have or are implementing processes that allow us to measure the quality of our current offerings, assess opportunities for improvement and implement changes, when needed, to improve our quality or modify our products to meet new customer requirements.

## Table 10: Payment Terms and Financing Options

Line Item	Question	Response *
53	Describe your payment terms and accepted payment methods?	Net 30. Payment is accepted via check, credit card, or wire.
	Describe any leasing or financing options available for use by educational or governmental entities.	N/A ·
	Briefly describe your proposed order process. Include enough detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template. For example, indicate whether your dealer network is included in your response and whether each dealer (or some other entity) will process the Sourcewell participating entities' purchase orders.	Rather than utilize a dealer network, Carrier Corp directly employs its sales and service force. As a Sourcewell incumbent, Carrier has successfully provided quarterly reports since 2017.
	Describe any standard transaction documents that you propose to use in connection with an awarded contract (order forms, terms and conditions, service level agreements, etc.). Upload a sample of each (as applicable) in the document upload section of your response.	Carrier has created a pricing template which details contract labor rates, material markups, and equipment discounts from master pricing. This document is distributed to our field upon contract award, and stored on a shared drive for all company employees to access. Template uploaded to this RFP as a reference.
57	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell participating entities for using this process?	Yes, and at no additional costs.

#### Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcewell Price and Product Change Request Form.

Line Item	Question	Response *
58	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	See attached pricing template.
	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	See attached pricing template.
60	Describe any quantity or volume discounts or rebate programs that you offer.	None. *
	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	Sourced Parts are generally marked up using a pre-negotiated Mark up schedule. See attached pricing template for rates.
62	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	Trip charges and consumable charges apply to every visit.
63	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	All shipments shall be F.O.B. shipping point, freight prepaid and allowed to the job site. Shipment dates quoted are approximate. Carrier does not guarantee a particular date for shipment or delivery. Carrier shall have the right to ship any portion of the equipment included in this Agreement and invoice Customer for such partial shipment.
64	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	Same as above.
65	Describe any unique distribution and/or delivery methods or options offered in your proposal.	Any unique requirements will be discussed on a customer by customer basis.

## Table 12: Pricing Offered

Line Item	The Pricing Offered in this Proposal is: *	Comments
66	c. better than the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.	

#### Table 13: Audit and Administrative Fee

Line Item	Question	Response *	
67	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell.	Carrier Corporation utilizes a pricing tool that can be pre-loaded with Sourcewell's pre-negotiated rates, and markups. This ensures that users are compliant while creating competitive bids for Sourcewell members. A National Account Manager will review all bids prior to submission to ensure consistencey, and correctness.	*
	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	The Carrier National Account Manager will use two tools to track the Sourcewell contract usage. One is a tracking list maintained by the National Account Manager, and the equipment team. The second resides in our service-sales software, which will track and report quoted or sold jobs throughout the life of the contract.	*
69	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	2%	*

## Table 14A: Depth and Breadth of Offered Equipment Products and Services

#### VILLAGE OF NORTH PALM BEACH PUBLIC WORKS DEPARTMENT

TO: Honorable Mayor and Council

- THRU: Chuck Huff, Village Manager
- FROM: James Anthony, Facilities Manager/Public Works
- DATE: December 14, 2023
- SUBJECT: **RESOLUTION Accepting a proposal from American Janitorial, Inc. to provide** Janitorial Services in accordance with the Request for Proposals issued by the Village and authorizing the execution of Contract at a total annual cost not to exceed \$274,410.88.

#### Background:

The Public Works Department issued an RFP for Village-wide Janitorial Services on October 26, 2023. Please see attached a copy of the RFP. This RFP was open for the submittal of proposals until November 21, 2023. Proposals were evaluated on November 29, 2023. A committee of four reviewed each proposal and scored them in five categories:

- 1. Proposal Pricing
- 2. Personnel Qualifications
- 3. Project Management Plan
- 4. Past Performance/Client References
- 5. Workload and Contract Litigation

Each category was worth a total of 40 points with a total possible score of 200 points.

During this submittal and evaluation period, all vendors were required to attend a facilities tour on November 7, 2023. This was a valuable walkthrough which allowed all bidders to inspect our facilities and ask facility specific questions to better tailor their proposals to the Village needs. Village personnel responsible for the daily operation of each facility were on hand to describe their individual needs and expectations to the vendors.

The current vendor, AK Building Services, has performed janitorial services for the Village for the last six years. The initial contract was for 3 years with 2 possible 1 year extensions. Both extensions were utilized, in addition to a third 1-year extension authorized by the Village Council.

Pursuant to the Village's purchasing policies, the Department assembled a four-person Selection Committee that included the Assistant Director of Public Works, the General Manger of the North Palm Beach Country Club, the Leisure Services Superintendent of Parks, and the Public Works Facilities Manager. On November 29<sup>th</sup>, the RFP was closed and eleven (11) proposals were received. Nine (9) were deemed to be sufficient. The two (2) firms that were not evaluated failed to provide some or all of the required documentation cited in the RFP. Copies of the proposals were provided to the Selection Committee, and the Committee ranked the proposals based upon the materials provided.

Evaluation on Written Proposal:

Company	Total Score	Average Score	Cost \$**
<mark>American</mark> Janitorial	<mark>695</mark>	<mark>173</mark>	<mark>\$234,410.88</mark>
Image Co.	668	167	\$249,348.00
Clean Space	628	157	\$216,108.17
AK Building	634	158	\$193,446.60
Ceiling Floor	655	163	\$275,500.00
Amer Plus	501	125	\$372,107.11
MiliClean	614	153	\$119,520.00
NET Facility	530	132	\$191,817.21
Zaharaly	485	121	\$177,531.30
Sunshine*	N/A	N/A	N/A
WeClean*	N/A	N/A	N/A

\* Both Sunshine Cleaning and WeClean did not merit scoring due to lack of responsiveness. Specifically, requested documents were not received thereby disqualifying them from consideration.

\*\*These are the annual costs to provide the basic services listed in the RFP. Any additional services requested, above and beyond the regularly scheduled services, will be provided on an ala carte basis, e.g. – carpet cleaning for a special event, floor waxing, additional window cleaning, etc. These additional services are pre-priced in the bid to avoid any ambiguity on pricing in the future. This is the current pricing model we have been using for many years. Based on historical data, the cost of additional services could range anywhere between \$15,000 to a maximum of \$40,000.

# Based upon the rankings, the Selection Committee is recommending that the Village execute a contract with American Janitorial, Inc.

American Janitorial scored very highly in each category and particularly excelled with their project management plan. Both their transition and execution plan were highly comprehensive. Their use of a phone based application to alert cleaning crews (and supervisors) to immediate needs and deficiencies was both novel and efficient.

When required by the insurer, or should a policy condition not permit an insured to enter into a pre-loss agreement to waive subrogation without an endorsement, then CONTRACTOR shall agree to notify the insurer and request the policy be endorsed with a Waiver of Transfer of Rights of Recovery Against Others, or its equivalent. James Anthony Facilities Manager Village of North Palm Beach 645 Prosperity Farms Road North Palm Beach, FL 33408

RE: Municipal Facility Janitorial Services for the Village of North Palm Beach

Dear Mr. Anthony,

We are pleased to submit a proposal for custodial services at the Village of North Palm Beach locations. As you review our proposal, you will see that American Janitorial, Inc. (AJI) understands your specific challenges and our proposal provides you with a program tailored specifically for the needs of the Village of North Palm Beach. These key items separate AJI in the marketplace:

- <u>Experience with large scale, multi-location projects</u> As the current janitorial contractor for multiple County and City government entities throughout Florida, including Lake, Volusia, and Flagler Counties, as well as the Cities of Ormond Beach, Clermont, Dunedin, Flagler Beach and Palm Coast, AJI understands the unique challenges of providing daily services for multiple locations spread out over large geographic areas. Additionally, we provide custodial and related services to over 5.5 million sq ft of space daily throughout our portfolio, employing over 250 people.
- <u>Management</u> The Contract Managers we assign to oversee your account are the most integral part of our program. These are salaried positions, which coordinate, direct, and control all of the custodial functions in their area of operation. The assigned Contract Managers will be available to Village of North Palm Beach representatives 24 hours a day, 7 days a week.
- <u>Proximity</u> Headquartered in Lake County, AJI has a strong presence in Central Florida, which places us in a unique position to be able to handle any issues that arise at the Village of North Palm Beach locations promptly and efficiently.

# **COMPANY BACKGROUND**

American Janitorial Inc. (AJI) was founded in 1987 as a "one stop shop" commercial and industrial janitorial service and supply company.

AJI employs over 250 people to provide comprehensive cleaning services for over 225 facilities throughout the State of Florida, totaling over 5.5 million square feet serviced each day. We have serviced hundreds of local businesses and government organizations over the years and stand by our reputation as the best cleaning value available. Some of our current customers include The Villages HealthCare Centers, City of Gainesville RTS, Volusia County Board of County Commissioners, Flagler County Board of County Commissioners, The Villages Commercial Property Management, The Villages Community Development Districts, the City of Dunedin, and the City of Clermont.

AJI started out as an energetic family business with only a few part-time employees. It has now grown to be one of the leading janitorial service contracting companies in Central Florida yet still remains a strong family business. AJI has always maintained a focus on hard work and dedication to customer service.

Our President is Jordan Dailey, the company founder's grandson. Mr. Dailey joined the company in 2000 to assist in the development of the commercial janitorial operations. Despite tough economic conditions, AJI has continued to grow under his leadership as he has demonstrated his ability to lead and adapt to ever-changing times. Part of this adaptation was the creation & implementation

of a new quality assurance system that drastically improved the overall performance level of the company's services. Mr. Dailey also expanded the service offerings that the company provides. This expansion allowed the company to branch into new markets and add more services to a wider variety of customers, particularly in the governmental and medical fields.

The basis of AJI's business operations and relationships are the core values of honesty, trust and integrity. Our longevity in an industry where many competitors have come and gone proves that the company's business principles are solid and consistent. *American Janitorial always meets the needs of its customers, regardless of the money or time it takes to ensure satisfaction.* 

#### Who We Are:

- We are a locally owned and operated company that takes pride in every facility we service. We have the resources and expertise of a national corporation combined with the quality customer service of a hometown cleaning company. Our reputation is our best asset!
- We are a company that builds and cultivates long lasting relationships with our customers through clear communication and outstanding customer support. We invest time and effort into relationships with our customers!
- We are a company that retains business. Every contract we have is important to us and we treat each one as if it's our only one.
- We are a company that cares about quality workmanship. Our custom quality control system, CleanCheck<sup>™</sup> creates accountability for our staff and allows us to detect problems before they happen. We routinely inspect our own work so our customers don't have to.
- We are a company that does whatever it takes. Just ask our references.

#### Who We Aren't:

- We aren't a national or franchise company who treats its customers like just another number.
- We aren't a company who works off of volume and turns in "cookie cutter" bid packages based solely on pre-determined square footage pricing. We don't just move from one big contract to the next.
- We aren't a company that makes excuses if something isn't right, we fix it.

Our company's core services include floor care, janitorial services, hard surface floor care, carpet cleaning, trash removal, bus stop maintenance, pressure washing, lawn services, and water/fire damage cleanup.

The Executive Technician is our most versatile cleaning position. They are responsible for the emptying of all trash and recycling receptacles and the replacement of liners, as needed. They sanitize telephones and dust all appropriate horizontal and vertical surfaces up to 72".

In preparation for the Vacuum Technician, they pick up paper clips and various other items from the floor such as papers and writing utensils. They mop hard surface flooring in common areas and suites. They also spot clean various surfaces around the office: doors, glass, and walls. In addition, they are responsible for ensuring that the first-impression areas of your building are cleaned and maintained properly. They detail clean all interior glass walls and high visibility carpet areas. They polish all brass fixtures and maintain the cleanliness of the elevator tracks. They will also haul trash from various areas to on-site dumpsters and police the stairwells to remove all debris.

#### **RESTROOM TECHNICIAN:**

Primary responsibilities for our Restroom Technicians include restocking of all paper dispensers (toilet tissue, hand towels, etc.), emptying trash and replacing liners, cleaning and disinfecting all fixtures and mirrors, and wiping down stall partitions and doors. They are also responsible for scrubbing all flooring areas in each restroom. The primary function of the Restroom Technician is to disinfect and clean all surfaces while maintaining an odor free environment.

#### VACUUM TECHNICIAN:

The Vacuum Technician is responsible for the daily vacuuming of all traffic areas and spot vacuuming all other office areas. In addition, they vacuum office furniture to remove various small debris and spills. Depending on the size of the building, they may also help the Executive Technician with hard surface floor cleaning, such as mopping in kitchen areas and corridors.

#### DAY PORTERS:

AJI porters have experience working independently as well as proven customer service experience working with the general public. All AJI day porters will be proficient in the English language and be able to communicate with building representatives and visitors both orally and in writing. AJI day porters are trained to work independently, and be reliable, self-motivated, mature, and responsible. Duties include: service main lobbies, police & service restrooms, respond to complaints, perform special cleaning, setup rooms for meetings & conferences, post-meeting Cleanup and emergency cleaning.

Below is a preliminary staffing plan and project schedule for the Village of North Palm Beach locations. This is based on our experience providing services to similar facilities; it is not uncommon for staffing levels and time of service to be modified after award and on-the-job experience.

# **TRANSITION PLAN**

We understand what an important decision it is to change cleaning companies and have custom designed a transition plan that will uphold and exceed the expectation of character and conduct within the Village of North Palm Beach, provide improved efficiencies, and ensure a smooth transition on this project. We've personalized every step in our transition plan to meet the specific needs of West Palm Beach. Our successful transition history is due to our comprehensive plans and ability to provide everyone involved with the most current information.

With our management team in place, our next task is to refine the departmental organization to support the achievement of your goals. First is an emphasis on building a team. We start by interviewing local North Palm Beach residents to join our custodial staff and exploring their job goals and objectives. Only by establishing a firm foundation of trust and mutual respect can we achieve success. At the same time, our

management and transition support team will be meeting with North Palm Beach representatives to fully familiarize ourselves with the needs and expectations of each individual location. These meetings will help us establish the benchmarks on which we build our programs.

Once the departmental assessment is completed, we will initiate our transition plan as described within our proposal, including the installation of our customized programs and technology; complete the department reorganization, and begin educating the staff to create the improved service you envision.

AJI's transition planning process includes detailed plans in (5) separate categories with a thorough timeline specifying the time and order tasks are completed.

# **CLEANING CHEMICALS**

AJI employees will be thoroughly trained in all aspects of natural, safe, ecofriendly cleaning procedures. Below you will find a list of the cleaning products AJI will be using at your locations:

#### Clean by Peroxy

Spartan's Clean by Peroxy is a Green Seal<sup>™</sup> Certified allpurpose cleaner that is formulated with the cleaning power of peroxide. One product does it all! Clean windows, mirrors, floors, walls, carpets, restrooms, kitchens, tile and grout without streaking. With Clean by Peroxy, AJI is able to minimize the number of products in our cleaning program; simplifying training and inventory management.

#### Damp Mop Floor Cleaner

Damp Mop is a no-rinse, fast drying floor cleaner concentrate that quickly and effortlessly removes dirt and other surface soils in heavily-trafficked areas and leaves no residue or haze to dull floor finish. With a pleasant lemon fragrance, Damp Mop is also biodegradable and phosphate-free.

#### Non-Acidic Disinfectant Bathroom Cleaner (NABC)

Formulated without acid, NABC cleans, disinfects, and deodorizes toilet bowls, urinals and other restroom surfaces. Safe to use on nearly any hard surface, NABC will not etch porcelain or harm plumbing/septic tanks when used according to directions. Effective for clean-ups per the Bloodborne Pathogen Standard, NABC delivers healthy restrooms and a signature clean fragrance.

#### Clean by 4D

Clean by 4D is a healthcare disinfectant that delivers effective performance and provides a restorative clean. AJI uses Clean by 4D daily as part of our effective cleaning and disinfection program for you're the Villages Health Care facilities. With a fantastic fresh scent, Clean by 4D is effective against a wide variety of gram-positive and gram-negative bacteria. The effective cleaning product will not dull most floor finishes while proving long lasting freshness against tough odors.

#### Clean on the Go VersaFill 3

AJI will install the Clean on the Go VersaFill 3 dilution and dispensing system at the Village of North Palm Beach locations.

The VersaFill 3 dilution and dispensing system offers employee safety, accurate diluting, and costcontrol. Professional products must be used as specified to comply with safety statements and OSHA regulations.

Over-proportioned chemicals equal a higher in-use cost, and in order to ensure efficacy against a specified organism, disinfectants must be properly diluted. Ensure safety and accuracy with the Spartan VersaFill 3 dilution and dispensing system.

The VersaFill 3 features AccuPro™ technology to control water

pressure and ensure accurate dilution every time.

- Eliminates re-cleaning associated with improperly diluted chemicals
- Ensures proper PPM of actives with disinfectants and sanitizers
- Avoid leaks created with external pressure regulators
- Reduce costs associated with under diluting chemicals

Through a simple dial control, the dispenser offers flexibility to fill both quart bottles and buckets from the same product. A convenient, integrated, locking storage cabinet houses up to four 2-liter cartridges, gallon containers or combination of 2-liters and gallon containers.

# MACHINERY & EQUIPMENT

AJI has utilized modern cleaning equipment and "green" cleaning techniques in all facilities for the past twelve years. The use of these systems and equipment has allowed for more efficient cleaning processes, better sanitation of facilities, improved indoor air quality and lower costs for our customers.

Where possible, we utilize ProTeam Super CoachVac backpack vacuums on our projects. All vacuums are equipped with HEPA filters, which are an industry standard for high-quality air filtration. Backpack vacuums allow us to reach high spots and also places such as behind computer tables and desks, book racks, and closets. These are the places that would be extremely tough to clean while using a canister vacuum cleaner.

AJI employees are trained in the proper use of all equipment at each individual account. This both ensures their safety as well as protects the property of our customers. Our equipment list includes back-pack vacuums, restroom carts, high and low-speed floor machines, ride-on automatic scrubbers, motorized sweeper, carpet extractor and various wet/dry vacuums.

For carpet cleaning at these locations, AJI will be using a van equipped with a CDS 4.8 truck mounted, van-powered cleaning system from HydraMaster. These systems feature OverDrive™ Power Train Technology which allows us to deliver a deep clean to your facilities. The system is equipped with two solution outlets for dual wand capability, three speed settings and a 100 gallon recovery tank for uninterrupted cleaning.

Using a truck mount carpet cleaning system is the best way to accomplish a deep carpet clean as well as reduce time spent on the job. This offers immense labor saving benefits which we are able to pass along to our customers.

Municipal Facility Janitorial Services for the Village of North Palm Beach

Additionally, we have invested in a large variety of attachments such as upholstery tools for upholstery cleaning, and power heads and rotary tools for carpet, which are also be used to further increase productivity and deliver enhanced results on certain carpet types and soil conditions. After carpet cleaning, AJI always applies carpet protectant at no additional cost. This protectant helps to prevent future staining and prolongs the life of the carpet and the cleaning.

Our cleaning techs are IICRC certified for tile and grout cleaning and we use top of the line equipment.

In addition, they will also wear an ID badge so they are easily recognizable as employees of AJI.

# TRAINING PROGRAM

AJI makes a large investment in initial and continuous training programs for our employees. We believe that our employees are our most valuable resource and we are committed to helping them succeed. We hire and train our own staff for all services that we provide.

### New Cleaning Technician Training

AJI provides comprehensive training for *all* of our cleaning technicians, and management. Our training program includes classroom training and hands on instruction, and each member of the AJI team assigned to the Village of North Palm Beach facilities has received training in the following areas:

- Introduction and Organizational Structure
- The Do's and Don'ts
- Issuing of the Custodial Procedures & Training Manual
- Cleaning Chemicals and Equipment Training
- Basic Cleaning Procedures
- Dress and Appearance
- Customer Service
- Safety and Security

Before completion of the training, we require the cleaning tech to sign a contract with our company. This contract states that the employee will always act professionally and reflect a positive image upon AJI and its staff.

The last step in the training program is OJT (on the job training). The new cleaning technician will begin work as a helper, under the supervision of an experienced crew leader for a minimum of one week. During this time, the new cleaning tech's work ethic and attitude are evaluated.

Any cleaning tech whose work or conduct does not meet our company quality standards will be terminated immediately. In addition, routine training meeting and refresher classes are held throughout the year to ensure cleaners are aware of new techniques and are performing their duties to our high standards.

## **Cleaning Tech Review**

Our training program includes classroom training and hands on instruction, covering the following areas:

- Attendance
- Knowledge and Skill Level
- Quality of Work
- Response to Discrepancies
- Results of QC Inspection
- Professionalism and Appearance
- Adherence to Company Policies

# Recognition

Achievement awards and promotions are given to cleaning techs that show exceptional work ethic and measurable improvements in these areas. We are committed to promoting an atmosphere where hard work and dependability pays off. We expect quality performance to be the "norm" among our cleaning techs.

# SAFETY PROGRAM

AJI's Safety Program is called **BeSafe** and is designed to protect AJI's employees from on the job injuries. It also ensures that risk is reduced as much as possible at the client's site. The goals of the **BeSafe** safety program are as follows:

- Prevent job injuries and illnesses through hazard avoidance training, safety awareness, inter-personnel communication and implementation of safe work practices.
- Lower workers' compensation costs by providing a safe work environment. Because of lower costs, AJI's clients benefit by enjoying ultra-competitive pricing.

- Reduce the number of days of lost work and ensure maximum work productivity by training employees to remain safe at all times. This allows AJI's employees to perform their job with confidence and without risk of injury.
- Meet training requirements per client contracts and State mandates.

Employees are trained in the following areas:

- Safety Orientation
- Chemical Hazards
- Electrical Hazards
- Ergonomic Hazards
- Injuries on the job
- Emergency Planning/Response
- Robberies and Assaults
- Slips and Falls
- Natural Disaster Recovery

**BeSafe** instructs employees to take one of three actions when encountering a safety hazard:

- Removed or isolate the hazard
- Improve work practices
- Use protective clothing and equipment

Employees receive **BeSafe** training when they are initially hired and receive quarterly refresher training, at a minimum. Employees are encouraged to provide relevant feedback and useful insight based either on past experiences or industry knowledge. In addition, employees can offer safety suggestions at any time by contacting their direct supervisor.

At the start of a new assignment, employees are given a **BeSafe** Safety Orientation Checklist. This checklist is gone through by their direct supervisor. At the conclusion of the orientation both the employee and manager sign the checklist acknowledging that safety training has been provided. AJI maintains these records for audit or for contractual compliance.

With **Be**Safe in place, AJI ensures that the work environment is safe and remains so and that employees are aware and focused on working safely each and every day.

#### Chemicals

#### Chemical and Cleaning Solutions

Most of the chemicals used by the AJI custodial staff come in highly concentrated forms and must be diluted before use. These chemicals are in dispensing systems that dilute automatically. Always read the instructions and Material Safety Data Sheets (MSDS) for each product.

#### The following safety rules are for your protection:

- Ensure that the MSDS sheets are accessible and that all custodial personnel are aware of their location. Periodically review the MSDS sheets to ensure they are current and reference chemicals that are currently in use. Know the proper first aid procedures for all chemicals used in the facility.
- 2) Know what you are using. Do not use chemicals from unmarked bottles or containers.
- 3) Always read the label and follow the instructions.
- 4) Measure all chemicals that are not being mixed through an approved proportioning system, unless the chemical comes as "ready to use". If the directions say to use four (4) ounces in one (1) gallon of water, measure the water and the chemical correctly. A weak solution may not provide the proper cleaning power. A solution that is too strong will not only waste supplies, but will damage the surface on which you use it. It may also have the potential to cause injury to you or others.
- 5) Do not substitute chemicals. Many chemicals are made only for specific jobs.
- 6) Never mix chemicals. You can easily destroy a chemical's usefulness or possibly create a poisonous gas or solution by mixing it with other chemicals.
- 7) Do not get into the habit of smelling chemicals as a means of identification. A deep breath of the fumes from some chemicals can and will injure you.
- 8) Protect yourself with the appropriate personal protection, for example: safety glasses, rubber gloves, or protective clothing if the solution you are using is a strong acid or alkali.
- 9) Always secure bottle caps and lids before the container leaves your hands.
- 10) Do not store harsh or liquid chemicals on overhead shelves.
- 11) Do not store heavy containers on overhead shelves.
- 12) Use proper ventilation at all times.
- 13) Store all flammable products in flammable safety cabinets.
- 14) Any chemical that is being diluted through a proportioning system must be used in accordance with the instructions for that system. At no time can an individual bypass, change mixing ratios, manipulate, change color codes, or alter the system without the written approval of the Custodial Administrator.

Note: Do not bring chemicals from home, and do not purchase chemicals from anywhere other than vendors prescribed by the AJI Custodial Administrator.

Do not mix chemicals together under any circumstances; chemicals may react violently, produce toxins, or become ineffective.

Extremely hazardous fumes can be created when ammonia is mixed with Clorox Bleach. Do not use Clorox Bleach as a cleaning agent.

# **Custodial Equipment**

#### Cleaning Equipment and Uses

The need for proper care of equipment cannot be overemphasized. A job can be no better than the person who does the job or the equipment used. Equipment that has been cared for properly will stay in use much longer. It will be safer for the operator to use and will enable the custodian to do a better job. After each use, make it a practice to clean the equipment and store it properly. Power equipment should be inspected daily and before each use. If the equipment is in need of repair, submit a work order to have it repaired. Ensure that electrical cords and connectors are grounded and in good condition. Any cords that have had the grounding prong removed or broken or where the cord is frayed should be immediately taken out of service. Do not use equipment that has not been fully repaired.

#### **Custodians Carts**

The custodian's cart is one of the most useful tools in building housekeeping. It is designed to carry most of the necessary equipment needed by the custodian.

- 1) Keep cart clean, stocked, and stored properly.
- 2) Empty all trash into dumpster each shift.

#### Mop Bucket and Press

- 1) Clean after use and store properly.
- 2) Buckets will last longer if emptied, dried, and turned upside down to store.

#### Wet Mops

- 1) Consist of long strands of twisted cotton yarn secured by a band at the top.
- 2) The most common sizes of mop heads are 12, 16, and 24 ounces.
- 3) To avoid cross contamination do not use the same mop heads in restrooms and tenant spaces. Note: Wet mops should be rinsed out well each time they are used, wrung as dry as possible, and hung with the head up to dry. If stored very long in a damp place, wet mops will mildew and develop an odor that will render them unfit for use.

#### **Vacuum Cleaners**

In the matter of dirt removal from the premises, there is no substitute which even approaches the vacuum cleaner for thoroughness. The suction of the vacuum cleaner pulls all loose particles into its flow, including those in corners and around furniture, preventing gradual accumulation in difficult places. On carpeting it draws the embedded dust out of the pile. Grit left in the carpet cuts the pile and hastens the deterioration of the carpet.

- An industrial vacuum cleaner (also called a wet/dry vacuum) performs another function which is almost as necessary and quite as effective as picking up dry accumulations. Most industrial vacuum cleaners are or can be adapted for picking up water and are, therefore, highly efficient for removing scrub water from resilient floors.
- 2) Vacuum cleaners must be emptied each shift (or as necessary).
- Filters are to be cleaned regularly to insure maximum airflow and to extend the life of the motor.
- 4) Clean machine exterior also, and store properly.

#### **Floor Machine**

The floor machine is an indispensable machine for maintaining resilient floors. It can also be used for spot-cleaning carpets using a bonnet pad (bonneting).

1) Twenty inch machines are most commonly used for burnishing, scrubbing, and stripping resilient floors.

#### **Carpet Extractors**

Carpet extractors provide the most efficient method of cleaning carpets. Most are designed to inject a solution of plain water and detergents (under pressure) into the carpet. This solution is agitated by a powered brush; the soiled solution is then extracted by means of a powerful vacuum, removing soils and most of the moisture. The use of fans after a carpet has been cleaned will help speed the drying process and help prevent the growth of mildew.

- 1) Individuals can be easily trained to operate these machines.
- 2) Removes more soil than any other practical system.
- 3) Leaves carpets damp/dry if equipment is used properly.

#### **RIGHT TO KNOW/HAZARD COMMUNICATION (HAZ-COM)**

Under Federal and State law, employees have the "Right to Know" what potential hazards exist with chemicals or other materials in the workplace and how to protect themselves. Manufacturers or distributors of hazardous products must provide information on a MATERIAL SAFETY DATA SHEET (MSDS) and product label.

Employers must develop a Hazard Communication Program and train their employees on proper handling of hazardous materials; how to protect employees; and how to read and understand the MSDS. The MSDS must be readily available to employees.

Employees must attend scheduled Haz-Com training and learn how to understand the MSDS and product labels. They must use proper protective equipment and clothing, and know what to do if there is a mishap. Ask questions if unsure of anything or what to do.

MSDS sheets must contain the following information; however, the format may vary from different manufacturers or distributors.

- 1) Chemical information: Manufacturer's name, address, and telephone number. Chemical, technical, and trade name, i.e., WD40.
- 2) Hazardous ingredients: Identification of components and Permissible Exposure Limits.
- 3) Physical Data: Appearance, boiling point, odor, vapor pressure and density, water solubility, evaporation rate, and specific gravity.
- 4) Fire and Explosion Data: Flash point, fire extinguisher media, special fire-fighting procedures, unusual fire hazards and flammability limits.
- 5) Reactivity Data: What the chemical will react with, what could happen, and what to avoid to prevent a chemical reaction.
- 6) Health Hazard Data: Body entry, symptoms, health hazards and first aid.
- 7) Spill or leak: What to do if there is a leak; clean-up and disposal information.
- 8) Special Protection: What personal protection equipment (PPE) is required.
- 9) Special Precautions: Handling requirements, i.e., temperature, humidity, cabinets, or special containers.
- 10) Additional Information: If any.

Product labels are provided by the manufacturer or distributor of the product and should identify the manufacturer, the chemical, the concentration, hazard severity, and protection needed.

**Note:** If an employee decants a product from a large container to a smaller one, he/she **MUST** label the smaller container with the name of the product. He/she should report unlabeled and unidentified containers to his/her supervisor for disposition.

# **Bloodborne Pathogen Training**

Our OSHA Bloodborne Pathogen training program addresses the federal OSHA "Occupational Exposure to Bloodborne Pathogens" standard (29 CFR 1910.1030) which prescribes standard safeguards to protect workers against the health hazards from exposure to blood and other potentially infectious materials (OPIM), and to reduce their risk from this exposure. This standard protects workers who can reasonably be anticipated to come into contact with blood or OPIM as a result of doing their job duties.

#### **Exposure Control Plan**

American Janitorial Inc. is committed to providing a safe and healthful work environment for our entire staff. In pursuit of this endeavor, the following exposure control plan (ECP) is provided to eliminate or minimize occupational exposure to bloodborne pathogens in accordance with OSHA standard 29 CFR 1910.1030, "Occupational Exposure to Bloodborne Pathogens."

The ECP is a key document to assist our firm in implementing and ensuring compliance with the standard, thereby protecting our employees. This ECP includes:

- Determination of employee exposure
- Implementation of various methods of exposure control, including:
  - Universal precautions
  - Engineering and work practice controls
  - Personal protective equipment
  - > Housekeeping
- Hepatitis B vaccination
- Post-exposure evaluation and follow-up
- Communication of hazards to employees and training
- Recordkeeping
- Procedures for evaluating circumstances surrounding an exposure incident

The methods of implementation of these elements of the standard are discussed in the subsequent pages of this ECP.

#### PROGRAM ADMINISTRATION

- Senior Management is (are) responsible for the implementation of the ECP. Senior Management will maintain, review, and update the ECP at least annually, and whenever necessary to include new or modified tasks and procedures. Contact location/phone number: 352-669-1441 Jordan Dailey, Stephanie Dailey, Thomas Donehoo, Theo Tingle, Jeff Simmons
- Those employees who are determined to have occupational exposure to blood or other potentially infectious materials (OPIM) must comply with the procedures and work practices outlined in this ECP.
- American Janitorial will maintain and provide all necessary personal protective equipment (PPE), engineering controls (e.g., sharps containers), labels, and red bags as required by the standard.

- Senior Management will be responsible for ensuring that all medical actions required are performed and that appropriate employee health and OSHA records are maintained. Contact location/phone number: 352-669-1441 Jordan Dailey, Stephanie Dailey, Thomas Donehoo, Theo **Tingle, Jeff Simmons**
- Senior Management will be responsible for training, documentation of training, and making the written ECP available to employees, OSHA, and NIOSH representatives. Contact location/phone number: 352-669-1441 Jordan Dailey, Stephanie Dailey, Thomas Donehoo, Theo Tingle, Jeff Simmons

#### EMPLOYEE EXPOSURE DETERMINATION

The following is a list of all job classifications at our establishment in which all employees have occupational exposure:

JOB TITLE	DEPARTMENT/LOCATION
Medical Facility Cleaning Technicians	Medical Janitorial Services Department
Medical Facility Supervisors	Medical Janitorial Services Department

The following is a list of job classifications in which some employees at our establishment have occupational exposure. Included is a list of tasks and procedures, or groups of closely related tasks and procedures, in which occupational exposure may occur for these individuals:

JOB TITLE	DEPARTMENT/LOCATION	TASK/PROCED
Cleaning Technician	<b>Commercial Janitorial</b>	Handling Regu

DURE ulated Waste

#### METHODS OF IMPLEMENTATION AND CONTROL

#### Exposure Control Plan

Employees covered by the bloodborne pathogens standard receive an explanation of this ECP during their initial training session. It will also be reviewed in their annual refresher training. All employees have an opportunity to review this plan at any time during their work shifts by contacting Stephanie Dailey. If requested, we will provide an employee with a copy of the ECP free of charge and within 15 days of the request.

Senior Management is responsible for reviewing and updating the ECP annually or more frequently if necessary to reflect any new or modified tasks and procedures which affect occupational exposure and to reflect new or revised employee positions with occupational exposure.

#### Personal Protective Equipment (PPE)

PPE is provided to our employees at no cost to them. Training is provided by the employee's supervisor in the use of the appropriate PPE for the tasks or procedures employees will perform.

The types of PPE available to employees are as follows: Gloves, Eye Protection (as needed). PPE is located in the janitorial closet at each facility and may be obtained

Revised 10.2022

through the supervisor of each facility. PPE will be delivered to the work site at the request of the cleaning tech.

All employees using PPE must observe the following precautions:

- Wash hands immediately or as soon as feasible after removal of gloves or other PPE.
- Remove PPE after it becomes contaminated, and before leaving the work area.
- Used PPE may be disposed of in appropriate waste receptacles.
- Wear appropriate gloves when it can be reasonably anticipated that there may be hand contact with blood or OPIM, and when handling or touching contaminated items or surfaces; replace gloves if torn, punctured, contaminated, or if their ability to function as a barrier is compromised.
- Utility gloves may be decontaminated for reuse if their integrity is not compromised; discard utility gloves if they show signs of cracking, peeling, tearing, puncturing, or deterioration.
- Never wash or decontaminate disposable gloves for reuse.
- Wear appropriate face and eye protection when splashes, sprays, spatters, or droplets of blood or OPIM pose a hazard to the eye, nose, or mouth.
- Remove immediately or as soon as feasible any garment contaminated by blood or OPIM, in such a way as to avoid contact with the outer surface.

Regulated waste is placed in containers which are closable, constructed to contain all contents and prevent leakage, appropriately labeled or color-coded (see Labels), and closed prior to removal to prevent spillage or protrusion of contents during handling.

Broken glassware which may be contaminated is picked up using mechanical means, such as a brush and dust pan.

Labels

The following labeling method(s) is used in this facility:

EQUIPMENT TO BE LABELED	LABEL TYPE (size, color, etc.)
Bottles containing cleaning chemicals	Standard label displaying the contents

#### **HEPATITIS B VACCINATION**

Senior Management will provide training to employees on hepatitis B vaccinations, addressing the safety, benefits, efficacy, methods of administration, and availability.

The hepatitis B vaccination series is available at no cost after training and within 10 days of initial assignment to employees identified in the exposure determination section of this plan. Vaccination is encouraged unless: 1) documentation exists that the employee has previously received the series, 2) antibody testing reveals that the employee is immune, or 3) medical evaluation shows that vaccination is contraindicated.

However, if an employee chooses to decline vaccination, the employee must sign a declination form. Employees who decline may request and obtain the vaccination at a later date at no cost. Documentation of refusal of the vaccination is kept at American Janitorial Inc. office. Vaccination will be provided by Lake Primary Care Associates (Dr. Boggus).

Following the medical evaluation, a copy of the health care professional's Written Opinion will be obtained and provided to the employee. It will be limited to whether the employee requires the hepatitis vaccine, and whether the vaccine was administered.

#### POST-EXPOSURE EVALUATION AND FOLLOW-UP

Should an exposure incident occur, contact: Jordan Dailey 352-636-2920

An immediately available confidential medical evaluation and follow-up will be conducted by Lake Primary Care Associates (Dr. Boggus). Following the initial first aid (clean the wound, flush eyes or other mucous membrane, etc.), the following activities will be performed:

- Document the routes of exposure and how the exposure occurred.
- Identify and document the source individual (unless the employer can establish that identification is infeasible or prohibited by state or local law).
- Obtain consent and make arrangements to have the source individual tested as soon as possible to determine HIV, HCV, and HBV infectivity; document that the source individual's test results were conveyed to the employee's health care provider.
- If the source individual is already known to be HIV, HCV and/or HBV positive, new testing need not be performed.
- Assure that the exposed employee is provided with the source individual's test results and with information about applicable disclosure laws and regulations concerning the identity and infectious status of the source individual (e.g., laws protecting confidentiality).
- After obtaining consent, collect exposed employee's blood as soon as feasible after exposure incident, and test blood for HBV and HIV serological status
- If the employee does not give consent for HIV serological testing during collection of blood for baseline testing, preserve the baseline blood sample for at least 90 days; if the exposed employee elects to have the baseline sample tested during this waiting period, perform testing as soon as feasible.

#### ADMINISTRATION OF POST-EXPOSURE EVALUATION AND FOLLOW-UP

Stephanie Dailey ensures that health care professional(s) responsible for employee's Hepatitis B vaccination and post-exposure evaluation and follow-up are given a copy of OSHA's bloodborne pathogens standard.

Stephanie Dailey ensures that the health care professional evaluating an employee after an exposure incident receives the following:

- A description of the employee's job duties relevant to the exposure incident route(s) of exposure
- Circumstances of exposure
- If possible, results of the source individual's blood test relevant employee medical records, including vaccination status

Stephanie Dailey provides the employee with a copy of the evaluating health care professional's written opinion within 15 days after completion of the evaluation.

### PROCEDURES FOR EVALUATING THE CIRCUMSTANCES SURROUNDING AN EXPOSURE INCIDENT

Senior Management will review the circumstances of all exposure incidents to determine:

- Engineering controls in use at the time
- Work practices followed
- A description of the device being used (including type and brand)
- Protective equipment or clothing that was used at the time of the exposure incident (gloves, eye shields, etc.)
- Location of the incident (O.R., E.R., Patient Room, ETC.)
- Procedure being performed when the incident occurred
- Employee's training

### EMPLOYEE TRAINING

All employees who have occupational exposure to bloodborne pathogens receive training conducted by Senior Management. Jordan Dailey, Stephanie Dailey, Thomas Donehoo, Theo Tingle, Jeff Simmons.

All employees who have occupational exposure to bloodborne pathogens receive training on the epidemiology, symptoms, and transmission of bloodborne pathogen diseases. In addition, the training program covers, at a minimum, the following elements:

- A copy and explanation of the standard
- An explanation of our ECP and how to obtain a copy
- An explanation of methods to recognize tasks and other activities that may involve exposure to blood and OPIM, including what constitutes an exposure incident
- An explanation of the use and limitations of engineering controls, work practices, and PPE
- An explanation of the types, uses, location, removal, handling, decontamination, and disposal of PPE
- An explanation of the basis for PPE selection
- Information on the Hepatitis B vaccine, including information on its efficacy, safety, method of administration, the benefits of being vaccinated, and that the vaccine will be offered free of charge

The training records include:

- The dates of the training sessions
- The contents or a summary of the training sessions
- The names and qualifications of persons conducting the training
- The names and job titles of all persons attending the training sessions

Employee training records are provided upon request to the employee or the employee's authorized representative within fifteen (15) working days. Such requests should be addressed to Stephanie Dailey.

#### OSHA Recordkeeping

An exposure incident is evaluated to determine if the case meets OSHA's Recordkeeping Requirements (29 CFR 1904). This determination and the recording activities are done by Senior Management.

#### Sharps Injury Log

In addition to the 1904 Recordkeeping Requirements, all percutaneous injuries from contaminated sharps are also recorded in the Sharps Injury Log. All incidences must include at least:

- The date of the injury
- The type and brand of the device involved
- The department or work area where the incident occurred
- An explanation of how the incident occurred.

This log is reviewed at least annually as part of the annual evaluation of the program and is maintained for at least five (5) years following the end of the calendar year that they cover. If a copy is requested by anyone, it must have any personal identifiers removed from the report.

### HOW TO PREVENT BACK INJURIES

The best way to prevent back injuries is to develop habits that reduce strain on the back.

There are some basic things you can do to help:

- Wear your back belt and use proper lifting techniques. Do not bend at the waist to lift.
- Avoid lifting whenever you can. Anytime you can spare your back the stress and strain of lifting and bending, do so.
- Place objects up off the floor; raise or lower shelves to a comfortable level.
- Use carts or dollies to move objects. Get help if necessary.

Follow these Steps When Lifting:

- 1) Size up the load, and then take a balanced stance over the load with feet shoulder-width apart. If load is too heavy or too large, get help.
- 2) Bend your knees to squat down close to the load keeping heels off the floor.
- 3) Grasp the load with fingers and palms. Make sure you can maintain your grip.
- 4) Lift gradually using your legs and abdominal and buttock muscles. Keep the load close to your body and keep the as back straight as possible.
- 5) Once standing, change direction by pointing your feet in the direction you want to go and turn your whole body. Do not twist your torso at the waist to change direction.
- 6) To put the load down, reverse the process.

By following these lifting guidelines and by practicing good body/back management, you can prevent back injuries on the job and at home.

#### **Back Belts**

Back belts are issued to employees who are required to wear them as directed. Back belts, when coupled with body mechanics and lifting training, can be part of an effective injury protection program. Employees will be given instruction on the proper fitting of the belt and manufacturer's wearing instructions.

Employees must be fully aware that the back belt alone cannot prevent injury. Employees MUST still practice proper lifting techniques.

### Custodial Program Self-Evaluation for Supervisors

#### Work Schedules

- 1) Ensure that work schedules are fair and equitable.
- 2) Ensure that work schedules provide coverage for the entire facility.
- 3) Ensure that each custodian is aware of the duties and assignments.
- 4) Evaluate the duty hours to ensure that they meet the needs of the facility.

#### Training

- 1) Document any observances of unsafe procedures.
- 2) Each custodian should annually attend the Right to Know and Bloodborne Pathogens training.
- 3) Review the procedural and training record for each custodian annually.
- 4) Maintain documentation of all training.
- 5) Determine if additional training is required.
  - a. Train custodial staff in-house.
  - b. Develop a training schedule.
  - c. Request additional training through the Custodial Administrator if needed.

#### Inspection Reports

- 1) Custodians should correct any discrepancies noted on the report.
- 2) If the reports indicate deficiencies of the same type being repeated, schedule training for that particular deficiency.
- 3) Note areas (custodial zones) that have more repeat deficiencies than others. Determine if the custodian assigned to this zone needs additional training.
- 4) Review inspection report with the entire custodial staff.

#### Supplies

- 1) Ensure that custodial supply rooms are neat and orderly.
- 2) The Material Safety Data Sheets (MSDS) book must include a MSDS for each chemical on hand.
- 3) Properly store and dispose of hazardous materials in accordance with the MSDSs.
- 4) Inventory supplies frequently to ensure that all containers have legible labels.
- 5) Ensure that students do not have access to equipment or supplies.

#### Equipment

- 1) Keep equipment clean and stored in a secure, dry place.
- 2) Ensure custodians use equipment in accordance with the written Manufacturer's Equipment Instructions (MEIs).
- 3) Properly report inoperative equipment.
- 4) If there is inoperative equipment, properly tag and store separately, and attach the work order.
- 5) Keep an accurate inventory of all equipment.

# **BeSafe Safety Policy**

# 1.OBJECTIVE

The **BeSafe** Safety Policy of AJI is designed to comply with the Standards of the Occupational Safety and Health Administration, and to endeavor to maintain a safe and injury/illness free workplace.

Compliance with the following **BeSafe** Safety Policy and all items contained therein is mandatory for all employees of the company. The authorization and responsibility for enforcement has been given primarily to the Chief Operations Officer.

# 2. POLICY

It is company policy that accident prevention be a prime concern of all employees. This includes the safety and well-being of our employees, subcontractors, and clients, as well as the prevention of wasteful, inefficient operations, and damage to property and equipment.

# 3. APPLICABILITY

This Safety Policy applies to all employees of AJI, regardless of position within the company. The Safety Rules contained herein apply to all subcontractors and anyone who is on a company project site.

Every employee is expected to comply with the Safety Policy, as well as OSHA Health and Safety Standards.

# 4. IMPLEMENTATION

The **BeSafe** Safety Policy supports six fundamental means of maximum employee involvement:

- Management commitment to safety.
- Weekly tool box safety meetings at all jobsites.
- Effective job safety training for all categories of employees.
- Job hazard analysis provided to all employees.

- Audio and/or visual safety presentations given at jobsites by the Safety Director or a competent designate.
- Various incentive awards for exemplary safety performance.

# 5. ADMINISTRATION

The **BeSafe** Safety Policy will be carried out according to guidelines established and published in this and other related procedures. Specific instructions and assistance will be provided by the Safety Director as requested. Each supervisor will be responsible for meeting all of the requirements of the Safety Policy, and for maintaining an effective accident prevention effort within his or her area of responsibility. Each supervisor must also ensure that all accidents are thoroughly investigated and reported to Operations Management and the Chief Operations Officer on the same day of the occurrence.

# 6. REPORTING OF INJURIES

All employees will be held accountable for filling out a "Notice of Injury Form" immediately after an injury occurs, even if medical treatment is not required. (Notice must be made at or near the time of the injury and on the same day of the injury.) Employees must report the injury to their Supervisor/Operations Manager/Project Manager, etc. A casual mentioning of the injury will not be sufficient. Employees must let their supervisor know:

- How they think they hurt themselves.
- What they were doing at the time.
- Who they were working with at the time.
- When and where it happened.
- Any other pertinent information that will aid in the investigation of the incident.

Failure to report an injury immediately (meaning at or near the time of the injury and on the same day of the injury) is a violation of the Safety Policy, and may result in immediate termination, in accordance with company policy.

# 7. NOTIFICATIONS

# In Case of Serious Injury or Death

After the injured has been taken to the hospital, the Operations Manager and Supervisor shall notify the home office and the Chief Operations Officer as soon as possible. Statements from witnesses shall be taken. Statements are to be signed by witnesses and should include the time and date. Photographs of the area where the incident occurred and any other relevant items are to be taken. The Chief Operations Officer will

assist in the investigation. The completed accident report form will be sent to the main office.

# In Case of Inspection by OSHA Inspector

The Operations Manager/Human Resources representative/supervisor must notify the Chief Operations Officer that an OSHA Inspector is on the jobsite. It is the responsibility of all employees to make the inspector's visit on the jobsite as pleasant and timely as possible.

# 8. BASIC SAFETY RULES

- Compliance with applicable federal, state, county, city, client, and company safety rules and regulations is a condition of employment.
- All injuries, regardless of how minor, must be reported to your supervisor and the Human Resources Office immediately. An employee who fails to notify the Supervisor and/or the HR Department can be issued a violation warning and may be subject to termination, in accordance with company policy. In the event of an accident involving personal injury or damage to property, all persons involved in any way may be required to submit to drug testing.
- Hard hats will be worn by all employees on construction sites at all times. Alterations or modifications of the hat or liner are prohibited.
- Safety glasses will be worn as the minimum-required eye protection at all times. Additional eye and face protection such as mono-goggles and face shields may be required for such operations as utilizing compressed air or handling chemicals (acids and caustics).

Fall Protection Requirements

- Full body harnesses and lanyards shall be worn and secured any time there is a fall hazard of more than six (6) feet.
- Lifelines shall be erected to provide fall protection where work is required in areas where permanent protection is not in place. Horizontal lifelines shall be a minimum of 2-inch diameter wire rope. Vertical lifelines shall be 3/4 inch manila rope or equivalent and shall be used in conjunction with an approved rope grab.

When drugs are prescribed by a physician, the Safety Director must be informed. The use or possession of illegal drugs or alcoholic beverages on the jobsite will result in immediate termination.
- Housekeeping shall be an integral part of every job. Supervisors, Team Lead and employees are responsible for keeping their work areas clean and hazard-free. Clean up is required when a job is finished at the end of the day.

Damaged ladders shall be removed from service and labeled as such. Ladders shall be secured at the top and bottom and extend three (3) feet past the working surface. Metal ladders around electrical work are prohibited. A step ladder shall never be used as an extension ladder. A step ladder must only be used when fully opened with braces locked.
- Report all unsafe conditions and near accidents to your supervisor/team lead, Operations Manager, or the Safety Director as soon as possible so corrective action can be taken.
- Warning signs, barricades, and tags will be used to the fullest extent and shall be obeyed.

# 9. ENFORCEMENT OF BESAFE SAFETY POLICY

Safety violation notice(s) shall be issued to any employee, subcontractor, or anyone on the jobsite violating the safety rules or regulations by Operations Responsible Person.

- Any violation of safety rules can result in suspension or immediate termination.
  - Any employee receiving three (3) written general violations within a six (6) month period shall be terminated.
  - Issuance of a safety violation notice for failure to use fall protection or for failure to report a job injury (at the time of the injury) may result in immediate termination, in accordance with company policy.

It is understood that AJI is not restricting itself to the above rules and regulations. Additional rules and regulations as dictated by the job will be issued and posted as needed.

A call out to replenish an out-of-stock condition caused by lack of adequate supplies on site is considered part of basic services, and will not be considered "additional services" or qualify for additional compensation.

"As Needed/Special Assignments" include, special cleaning related projects. Contractor may be required to assign some employees to special assignments. Tasks are to be provided upon request as required and are not to be considered part of the monthly or annual fixed costs for this contract. Contractor has provided fixed unit prices as identified in the Proposal Form for these additional services as part of this contract.

When a need is identified, the Contract Administrator may request Contractor to submit a proposal for Additional Services. Proposal will use the unit prices provided in the contract. These services will not be performed without the Contract Administrator's approval of each proposal. Upon acceptance of the Additional Scheduled Services proposal, the proposal may be converted to a firm, fixed price project and a purchase order will be issued for the project.

The Village reserves the right to add locations to this contract as these additional locations may be acquired. Locations to be added may include, but are not limited to, expansions or additions to existing facilities and acquisition or construction of new properties. In the event that the Village makes significant structural changes to an existing facility that impacts Contractor's cost in providing the janitorial service anticipated by this contract such change may be treated as a new facility and the procedures provided for in this section may be followed in determining an appropriate price.

Calculating the cost per square foot for the existing service and applying it to the areas subject to adjustment may be used to determine incremental adjustments in cost due to expansions or contractions of existing facilities. In the event the areas added or subtracted are not comparable in service needs to the existing areas covered under the contract, an appropriate adjustment may be made with the recommendation of the Contract Administrator and approval of the Village Manager.

In the event the Village wishes to add other locations under the Contract, a quotation may be solicited from the Contractor in good standing for the new location.

Pricing will be negotiated by the Contract Administrator, based upon pricing in the contract for a location with similar requirements. If the Village is not satisfied with the results of the negotiation, the Village may solicit proposals from other contractors.

In the event services or other basic scheduled services are added or deleted, the appropriate unit labor prices used for additional scheduled services may be utilized for the adjustment.

In the event the Village shall sell, vacate, abandon, terminate or otherwise dispose of or no longer require the Contractor to provide janitorial services for a location to which this contract applies, the appropriate unit labor prices used for additional scheduled services may be utilized for the deductive adjustment.

The Contractor shall designee an on-call employee for emergencies.

- ➢ If on site, Contractor's employee must respond by phone within fifteen (15) minutes and must report to the area of the emergency within thirty (30) minutes.
- ➢ If off site, Contractor's employee must respond by phone within thirty (30) minutes and must report to the facility within in sixty (60) minutes.
- Repeated failure for the Contractor to adhere to these response times may be cause to terminate the contract.

An immediate assessment of the problem encountered must be communicated to the Contract Administrator within one-half ( $\frac{1}{2}$ ) hour of arrival at the job site. If immediate service is not possible, an accurate projection of expected completion time must be relayed to the Contract Administrator.

Once the emergency service estimate has been approved by the Contract Administrator, the service must be initiated within a maximum mobilization time, on site, of two (2) hours. Any exceptions to this requirement must be approved by the Contract Administrator.

In the event the emergency service takes more than twenty-four (24) hours to complete, a daily progress report from Contractor will be required. Status calls should be made to the Contract Administrator to inform them of an expected completion time updated with each report.

If the job completion extends beyond forty-eight (48) hours without the Contract Administrator's approval, the Village reserves the right to discharge the Contractor and award the emergency service to another vendor.

In the event of a major emergency and at the sole determination of the Contract Administrator or his designee, Contractor may be requested to assist in a clean-up operation when an additional outside contractor has been engaged by the Village to provide related services.

The Contract Administrator will give notice of any defect or nonconformity to the Contractor. This notice will state that the Contractor will correct or re-perform any defective or nonconforming services.

If the Contractor is required to correct or re-perform work, it will be at no cost to the Village, and any services corrected or re-performed by the Contractor will be subject to the provisions contained herein to the same extent as work initially performed. Corrected or re-preformed work will not result in a corrected/adjusted score on the inspection conducted.

A Contractor's performance will be deemed not to meet contract provisions when such is not performed in accordance with approved work schedules, tasks are not performed in accordance with standards or specification, routines are not performed within the allowed time frame or work is not completed in its entirety. Under such conditions, the Contractor's performance will be considered to be defective and work will be rejected.

Without limiting any other Village remedy, the Village, through its Contract Administrator, shall have the right to require Contractor to re-perform work not performed to its satisfaction at no increase in the contract amount. Contractor will not be relieved of full performance of the work and may be terminated for cause based upon inadequate performance.

When defects in service may not be or are not corrected by performing the service again, the Contract Administrator may require the Contractor to take the necessary action to ensure that future performance conforms to contract requirements and reduce the monthly payment to reflect the reduced value of the services performed, as determined by the Contract Administrator.

If any of the information provided in this section contradicts the care and maintenance instructions provided by a product manufacturer, Village will provide the Contractor direction on which specification to follow.

## VILLAGE OF NORTH PALM BEACH COMMUNITY DEVELOPMENT DEPARTMENT

TO: Honorable Mayor and Council

- THRU: Chuck Huff, Village Manager
- FROM: Caryn Gardner-Young, Community Development Director

DATE: December 14, 2023

SUBJECT: **RESOLUTION** – Approving a Lease Agreement with Document Storage Systems Inc. for 2,827 square feet of office space at 701 U.S. Highway One to house the Community Development Department.

#### Background

The Community Development Department (Department) has been occupying the leased space at 420 U.S. Highway One since 2015. Over time, the Department has expanded its leased space due to staffing needs. However, the space has never been updated or organized as it is a leased space. The Department's current lease is set to expire in March 2024, and the Village Staff has conducted an analysis to decide whether to move to another location or stay at the current location. The Department recommends a move to 701 U.S. Highway One for several reasons.

The Village of North Palm Beach will be able to save costs after the first year. Please find below a comparison of costs. With any move, the first-year costs are typically higher due to the moving and buildout expenses. However, if we deduct these initial costs from the yearly rental costs at 701 U.S. Highway One, there will be an annual savings of approximately \$31,000.

The current facilities of the Department are outdated and do not align with the existing organizational structure. The workspace has multiple walls that obstruct communications between staff members and Divisions, leading to inefficiency and poor performance. Renovation of the current space would be costly and disruptive. The proposed location has an open floor plan with offices to the side to provide a better design for the organizational flow of the three Divisions and employees.

There are some safety concerns with the current office space. The front and back of the building have regular glass which is not designed to withstand any impact and/or leaks. Additionally, the area can get quite dark at night, which can be a concern for individuals who arrive or leave alone. The proposed location has impact glass and a generator to allow emergency operations, and also has an inside door that opens to a well-lit common hallway, making it a safer option.

It has been observed that visitors often have trouble finding the office due to its location. The office is situated in a vast courtyard, making it difficult for patrons to spot the office door from the parking lot. We have received complaints from visitors who have spent a considerable amount of time wandering around the parking lot in search of the office or have gone to the Village Hall to seek directions. The new proposed location offers a clear and easy-to-find entrance with upfront parking.

The current workspace is not satisfactory for the staff as it is too small and lacks privacy, which is affecting their productivity. Additionally, there is no lunchroom or breakroom available for the employees, forcing them to eat at their desks or go out to a restaurant. A functional work environment is essential for an organization to attract and retain the best talent and increase productivity. The proposed location is brighter, possesses a more attractive open space with limited space dividers, has a dedicated lunchroom, and offers the ability to implement an open floor plan.

The current office does not properly represent the Village due to its setup and décor, and there is no way to change this. As a result, visitors do not always have a good first impression. The proposed location will have an updated feel and décor with a modern, clean look. This change will improve the Village's image and assure residents that their money is being well spent.

The Lease is for a term of five years, commencing on January 1, 2024. The initial annual rent is \$83,983.00 and increases by four percent (4%) each year.

## Legal Review

The attached Resolution and Lease Agreement has been prepared/reviewed by the Village Attorney for legal sufficiency.

## Fiscal Impacts

A cost savings of approximately \$31,000 after the first year of the five-year lease agreement.

## Recommendation:

Village Staff recommends Village Council consideration and approval of the attached Resolution approving a Lease Agreement with Document Storage Systems, Inc. for 2,827 square feet of office space at 701 U.S. Highway One to house the Community Development Department and authorizing the Village Manager to execute the Lease Agreement in accordance with Village policies and procedures.

## RESOLUTION 2023-\_\_\_\_

A RESOLUTION OF THE VILLAGE COUNCIL OF THE VILLAGE OF NORTH PALM BEACH, FLORIDA, APPROVING A LEASE AGREEMENT WITH DOCUMENT STORAGE SYSTEMS, INC. WHEREAS, Village Administration has negotiated a five-year Lease Agreement with Document Storage Systems, Inc. for 2,827 square feet of office space at 701 U.S. Highway One to house the Village's Community Development Department; and

WHEREAS, the Village Council determines that the approval of the Lease Agreement is in the best interests of the residents of the Village of North Palm Beach.

Lessor has the right to make such repairs provided said repairs do not interfere with the Lessee's use and enjoyment of the Premises.

**19. LIENS**: Lessee further agrees that Lessee, to the extent permitted by law, will pay all liens of contractors, subcontractors, mechanics, laborers, materialmen, and other items of like character, resulting from work done or materials furnished at the request or instruction of Lessee, and will indemnify Lessor against all reasonable expenses, costs and charges, including bond premiums for release of liens and attorney's fees reasonably incurred in and about the defense of any suit in discharging the said Premises or any part thereof from any liens, judgments or encumbrances caused by Lessee. In the event any such lien

shall be made or filed, Lessee shall bond against or discharge the same within ten (10) days after the same has been made or filed, and Lessee has received notice of lien from Lienor or Lessor. It is understood and agreed between the Parties hereto that the expenses, costs and charges above referred to shall be considered as Additional Rent due and shall be included in any lien for Additional Rent.

The Lessee herein shall not have any authority to create any construction liens on the Lessor's interest in the Leased Premises and all persons contracting with the Lessee for the destruction or removal of any facilities or other improvements or for the erection, installation, alteration or repair of any facilities or other improvements on or about the Leased Premises, and all materialmen, contractors, mechanics and laborers, are hereby charged with notice that they must look only to the Lessee's interest in the Leased Premises to secure the payment of any bill for work done or material furnished at the request or instruction of Lessee.
